

Copy of letter from the Examiner P.W.
Accounts, to the Director of Public Instruction,
No 481x Dated 24th September 1881.

I have the honor to forward herewith
a copy of Government of India Standing Order
No 114 of 1881 to the P.W. Code, and with
reference thereto to request the favor of
being informed whether in your opinion
the Madras University Matriculation test
can be considered as equivalent to that
required by Part I of the Examination for
promotion to Accountant 2nd grade as specified
in appendix C and referred to in Para 65
of the P.W. Code, an extract and a copy of
which are attached.

2. The favor of an early reply is solicited.

(True copy.)

Copy of letter from the Director of Public
Instruction to the Examiner of Public Works
Accounts No. $\frac{22}{534}$ Dated 4th October 1881.

In reply to your letter of 27th Ultimo No
4812, I have the honor to state that, as a general
education test, I consider the Entrance Examination
to the Madras University to be equal in difficulty
to that of the Calcutta University, which is
accepted as equivalent to Part I of the test
for promotion to Accountant as specified in
Appendix C, Public Works Code. The test in
Geometry at Calcutta includes 4 books of
Euclid and Mensuration of Plane Surfaces
instead of three books of Euclid with easy
deductions, according to the Madras test; but,
on the other hand, Matriculates in this
Presidency are required to pass in Elementary
Chemistry and in Physics, which, in my opinion,
demand a greater amount of study than
the additional work in Geometry above noted.
