Read the following paper:—

No. 5. From Lieutenant-Colonel W. H. BURTON, R.E., Superintendent of Works, Presidency, to the Chief Engineer, Public Works Department, dated Chepauk, 31st October 1881, No. 2,778.

I HAVE the honor to report that the shed for boiling gram for Mules, Commissariat Department, (approximate estimate, Rs. 700) in list No. 2, which accompanied G.O., No. 2292 W., of 16th September 1881, is not required as will be seen from the enclosed copy of correspondence between the Executive Engineer and the Executive Commissariat Officer at Bangalore. The work will not therefore be carried out.

From Major A. C. SMITH, R.E., Executive Engineer, Bangalore, to the Executive Commissariat Officer, Bangalore, dated 10th October 1881, No. 1,138.

HAS the honor to ask that he will be good enough to inform whether he requires another shed for boiling gram for mules, as an item on requisition for that appears in the budget for 1882-83.

There is plenty of room in present mule-shed for fixing the boiler recently supplied and even for another boiler if required.

From the Executive Commissariat Officer, Bangalore, to the Executive Engineer, Bangalore, dated 11th October 1881, No. 890.

YOUR memorandum No. 1,138, dated 10th October 1881. In reply, has the honor to state that the present shed will answer very well for boiling the gram.
