No. 29. From the Secretary to the Government of India, Public Works Department (Military Works), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 9th August 1880, No. 492 M.W. Recorded in G.O., No. 2,066 W., dated 1st September 1880.

THE Government of India has now under consideration measures for reducing the large and increasing expenditure upon repairs to military buildings, and it has been led to suppose that there are many temporary barracks and other buildings which are maintained and kept in repair by the Public Works Department, after permanent buildings have been constructed to replace them. I am to direct that no temporary military building shall be kept in repair from Imperial Funds, for any purpose for which a building would not have been authorized, and that all such buildings which exist, as well as temporary accommodation in excess of the wants of the authorized strength of the troops at a station, shall be removed, unless the special sanction of Government is obtained for their retention. For this latter purpose a return should be submitted in the accompanying form showing the temporary buildings which should be removed under this order, or the grounds for desiring their retention.

RETURN of the Military Buildings at

No.	Purpose for which the building was erected.	Perma- nent.	Tempo- rary.	Purpose for which used.	Year of erection.	Cost.	Reasons for its retention if a temporary building, and used for a purpose for which it was not originally erected.

No. 29-A. From Captain W. P. TOMKINS, R.E., Assistant Secretary to the Government of India, Public Works Department (Military Works), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 24th September 1880, No. 591 M.W.

In reply to your letter, No. 2,066-A W., of the 1st current, I am directed to state that the Government of India accepts the proposal made in paragraph 2 of your

letter under reply, and requests that surplus, as well as unauthorised temporary buildings, may be included in the list called for in Public Works Department Circular letter, No. 492 M.W., dated 9th August 1880.

2. I am at the same time to suggest that, as a thorough knowledge of all existing public buildings is of importance, both to the Central Government and to local officers, returns in a convenient form should be kept up of all public buildings; the lists showing date of erection or purchase, brief description of walls, roof, &c., and the value, &c.

No. 30. ORDER THEREON, 5th October 1880, No. 2,308 W.

COMMUNICATED to officers concerned, who will submit, as early as possible, the return called for by the Government of India. Should it be desired to retain any of these buildings, the reasons for retention should be explained. The return will be drawn up in communication with the local Military authorities.

2. Paragraph 1395 of the Public Works Code provides for a register of all Public Works buildings being maintained in each division, and extracts therefrom, showing modifications during the year, submitted annually to the Chief Engineer. These regulations should be carefully attended to.
