was here a few
days ago, but his
address is Cuddalore.

The above are the
only Surveyors applying

I believe that in
the reorganized
Departmental
Scale provision
has been made for
the appointment
of some permanent
Surveyors.

Although these
appointments may
not be filled up
for the present, I
wish to suggest
that the name of C.
Coopasaunmy Inwoodley
may be recorded
in your office as
a fit man to be
appointed to one
of the posts when the
appointments are
made.

He did the Survey
work under Capt.
Campbell of the
Madrass Artillery & was

addition to draft.

The pay for each day
is fixed - there is
therefore no minimum
& maximum.

honor to point out that Circular N^o 2374
dated 18th October 1881 directs that the

that it will be some little time before
he will be able to take over Chingleput
District.

2 Lieutenant Romilly pro-
ceeds on the 24th to Baroor and
I

I am anxious at once to provide him with 2 Draughtsmen 1 Writer and 5 Lascars for Survey duty.

I hope in a few days to be able to place 2 Overseers under him for these 2 permanent Lascars should be appointed and also 10 temporary ones for Survey duties.

I request that I may be given without delay sanction to entertain this Establishment

3. Eventually 4 Surveyors are to be placed on the B Project Division I suppose these men will be appointed by the Chief Engineer as they rank and Class as Upper Subordinates. I should be glad of the services of 2 of them by the 15th November.

4. I have already addressed the Chief Engineer for Irrigation with regard to the work to be done by the B. Project Division but until I receive his reply I am unable to make out a complete programme.

I have the honor to be,
Sir,

Your Most Obedt. Servant.
