Sanitary.

Read the following paper:—

No. 86. *From Brigadier-General H. O'CONNELL, Quartermaster-General, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Bangalore, 25th October 1881, No. 1548-7075.*

During the late famine, two contagious disease sheds were erected at St. Thomas' Mount, in connection with the Native Detail Hospital. These sheds requiring repair, an estimate, amounting to Rs. 227, for their repair was submitted, the value of the buildings being Rs. 300 only.

2. The Officer Commanding St. Thomas' Mount thinks it a pity the sheds should be allowed to fall down, but the Deputy Surgeon-General of the District states that the sheds are not absolutely necessary for the treatment of infectious diseases amongst the camp followers at the station.

3. I have the honor, by order, to request the sanction of Government for the removal of the sheds. With reference to O.G., No. 2547, dated 9th May 1881, it is concluded that this is not a case that need be referred for the orders of the Government of India.

No. 87. ORDER THEREON, 4th November 1881, No. 5819.
