

No. 2010

Executive Engineer's Office
Buckingham Canal
Shepauk 26th October 1881

From

The Executive Engineer
Buckingham Canal

To

The Superintending Engineer
5th Circle

Sir

I have the honor to forward
a petition presented by one Pitha
Pillay of Supplicance and to report
that the wall alluded to by the petitioner
is the rear wall of a house purchased
for the Canal during its excavation,
the other portions of the house being
removed and this wall allowed
to remain at the earnest request of the
petitioner as a protection to his adjoining
house. The President of the Municipality
desired to have this wall repaired to
avoid its unsightly appearance, but
the
