MADRAS HARBOUR WORKS,

TO

Colonel R. H. Sankey, C.B. R.E.
Secretary to Government, P. W. &
Buildings and Roads.
MADRAS, November 12 1881.

Sir,

With much regret I have to report that this morning between 10 A.M. and Noon both the Titan Cranes were capsized, on the North and South Piers.

2. I considered that they were in as safe a place as could be found for them and can only think that the actual blows of the waves turned them over.

3. Some of the blocks in the North Pier are displaced, but the sea is so high that I cannot report with any accuracy what has taken place.

I have the honor to be,

Sir
Your most obedient servant,

J. H. Sankey, M. Inst. C.E.

I have the honor to report that
there is nothing emergent with regard to the
repair of the Cruz Milagre Gap.

The Executive Engineer has been requested
to have an estimate prepared for its thorough
repair but is unable at present to have
it done as having only just taken up charge
of the Division he has much to do.
