Revenue

The regular estimate on account of Revenue for 1880-81 amounted to Rs 133000, while from the statement of Revenue which accompanies, it will be observed that the receipts realized amounted to Rs 197786 or Rs 64786 in exass. The excess is traced to the sub heads. "Fines, refunds and Miscellaneas" and "Sales of old Materials" under which the receipts were realized to a larger extent than in previous years. The large realization under the former sub-head is chiefly due to the hire of the Godavari River steamers employed on operations in connection with the Rampa rising, and also to a larger profit from the Bezwada Workshops which forms a Sub-division of the Kistna Eastern Division
