General.

Simla, October 15, 1881.

Preparation of estimates for repairs to Civil Buildings.

Read again—

Public Works Department Circular No. 74 of 1876, prescribing the classification of the Budget Estimate and outlay on Civil Buildings, Communication and Miscellaneous Public Improvements, as modified by Circular No. 1 of 1880.

RESOLUTION.—The orders of 1876 read above prescribed that, for repairs to civil buildings, distinct estimates should be prepared for each head at each station. This has been understood to preclude the preparation of a combined estimate for the same class of buildings in each *district*. As this, however, is not correct, the Governor General in Council is now pleased to rule that the following addition be made to paragraph 9, Rule IV, of Public Works Circular No. 74 of 1876:—

After the word "Station" in the third line of last clause, insert "or for each class of building in each district."

ORDER.—Ordered, that the foregoing be communicated to the Local

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners of the Central Provinces, British Burma, and Assam.
The Resident at Hyderabad.
The Resident at Mysore (through Foreign Department).
The Agents to the Governor General for Central India, Rajputana, and Biluchistan.
The Superintendent of Port Blair and Chief Commissioner, Andaman and Nicobar Islands.
The Inspector General of Military Works.
The Accountant General, Public Works Department.

Governments, Administrations and Officers noted in the margin for information and guidance.

Also to the Director General of Telegraphs; the Director General of Railways; the Director-in-Chief, Indo-European Telegraph; the Director, Persian Telegraph; the Deputy Director, Persian Gulf Telegraph; the Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore, and Lucknow; the Comptroller General, and the Accountant General, Bengal, for information.
