

No. 838

Stationery Office

Madras

12th November 1881

From

The Superintendent

Stationery

Madras

To

The Chief Secretary

to Government Civil Dept.

Sir,

Fort Saint George

In G.O. 21st April last, No. 669, Paragraph 2, Government intimated that early orders would be issued in the Public Works Department in regard to the measures necessary for protecting the stationery against white ants, admitting more light into the office and providing additional accommodation.

2. In Public Works G.O. 21st March 1881 No. 770 W. the estimate amounting to Rs 8710 for constructing an upper story to the Stationery Office was sanctioned. An estimate for repairing the asphalt floor of this office and providing additional windows amounting to Rs 718 was

was forwarded by the Superintendent of Works for my countersignature in August last and has been submitted to Government.

3. The Stationery Office was vacated and given over to the Superintendent of Works on 20th August for the construction of the upper story and is now in his hands. It being obviously desirable that the repair of the asphalt floor and the providing of the additional windows should be attended to simultaneously with the first mentioned work, I asked the Superintendent of Works to arrange accordingly under the impression that the latter works had been sanctioned. I am informed in reply that as there are no funds available for the latter works when sanctioned there must be considerable delay. I beg therefore to bring the matter under the consideration of Government in this Department, in the hope that it may be possible to

provide

provide the required sum of Rs 418 in order that the works essentially necessary for the Stationery Office may be executed now by the Public Works Department while the building is in their hands for the construction of the upper story.

I have the honor to be
Sir

Your most obedt servant

J. G. Perrand
Superintendent of
Stationery

No 1843

referred to the
Public Works Dept.
with remark that
the work is urgently
necessary, and that
if the small sum
required cannot
be provided at
once by that Dept.
the money will be
found by this
Dept. But it
is hoped that the
setting of the work
in hand may not
be delayed until
the question of
funds is settled.

J. Davidson
