Read the following papers:—

No. 110. From the Superintending Engineer, (old) Second Circle, dated 13th October 1881, No. 433 (through the Examiner of Public Works Accounts).

ABSTRACT.—Application for modification of allotments from the grants for Minor Works, Repairs, and Tools and Plant.

No. 110-A. From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 19th November 1881, No. 136.

WITH reference to paragraph 2 of my letter, No. 71, of the 14th instant, I have the honor to report that I do not find there is any money available for transfer from the Chingleput to the Presidency Division. Hence by my meeting the demand of Rs. 4,465* for the lines at Bangalore, the funds at the Executive Engineer's disposal can hardly cover the amount of two estimates lately prepared for work which is reported to be emergent.

2. The Superintendent of Works recently applied for Rs. 26,200 to be added to his allotment under Repairs, Military, but the increase was not sanctioned for want of funds. Now, however, as there is a great demand for funds, I request that if possible a grant of Rs. 4,465 may be made to the Presidency Division on account of the appropriation for the Native Infantry Lines.

No. 110-B. ORDER THEREON, 25th November 1881, No. 2942 W.

ORDERED that the Government of India be addressed with a view to an additional assignment of Rs. 30,000 being made to carry out certain emergent repairs to Military Buildings in this Presidency during the official year 1881-82.

FROM

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,

Public Works Department.

SIR,—I am directed to report that this Government lately sanctioned estimates to the extent of Rs. 12,906 for emergent repairs to a portion of the lines occupied by the 15th Regiment Native Infantry at Bangalore, but as no funds are available under Military, Repairs, the work cannot be proceeded with. The Provincial Commander-in-Chief wishes that the repairs be carried out at once so as to prevent further deterioration of the buildings. The Superintending Engineer, Fifth Circle, has also applied for an addition of Rs. 5,000 for military, repairs, in the Chingleput Division, and as there is every likelihood of further sums being applied for after the North-East monsoon is over, I am to request the sanction of the Government of India for an increase of Rs. 30,000 (inclusive of the charges for Establishment and Tools and Plant) to the grant for Military Works in the current official year.

I have the honor to be,

Sir,

Your most obedient servant,
