GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

8th December 1881, No. 3048 W.

Buildings and Roads.
Civil Works.

Read again:—

No. 19. G.O., No. 1232, dated 10th April 1877.

No. 20. ORDER THEREON, 8th December 1881, No. 3048 W.

No action so far as can be ascertained having been taken in regard to the sanction of Rs. 2,500 granted for investigating the best line for a boat canal in continuation of the short canal from the anicut near Dumagudiem at the head of the first barrier on the Godáviri and to frame reliable estimates for the work, the Right Honorable the Governor in Council requests that the Chief Engineer for Irrigation may submit his opinion as to the course which it may be most practicable to follow with a view to obtaining a thoroughly reliable estimate for the projected work.

2. Mr. Walch who has lately visited Dumagudiem will probably be in a position to throw further light upon the general character and value of the project, but it would in the opinion of Government be desirable for Colonel Mullins, if practicable, to inspect the locality personally on his approaching visit to the Godáviri works.

(True Extract.)

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Chief Engineer for Irrigation.
" Superintending Engineer, First Circle.
" Revenue Department.
