GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

12th December 1881, No. 3075 W.

General.
Establishment.

Read the following paper :—

No. 37. From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Secretary to Government, Public Works Department, dated Commamur Canal, 23rd November 1881, No. 1875.

Now that the Nellore Division and the Kistna Eastern and Western Divisions are all attached to the same Circle, it would be better, I think, if the extra-delta portions of the Kistna District were to be attached to the two Kistna Divisions; that portion of the district lying on the left of the Kistna to the Eastern, and that on the right of the river to the Western Division.

2. The accounts and records of the late Guntur Division were by G.O., No. 2530 W., of the 7th October 1879, transferred to the Ongole Division, and subsequently, under G.O., No. 3194 W., of the 12th December 1879, to the Nellore Division, and the records were sent to Nellore. There are occasional references in connection with this part of the district, but at present no works are in progress. It would be better for the Executive Engineer, Nellore, to be relieved of the Kistna District records, and therefore I request permission to have such records as belong to the Kistna transferred from Nellore, and sent to two Kistna Divisions as above stated.

No. 38. ORDER THEREON, 12th December 1881, No. 3075 W.

THE Superintending Engineer's recommendation is approved.

ferences in connection with this part of the
District, but at present no works ^{are} in pro-
gress. It would be better for the Executive

Kistna District records, and therefore I
request permission to have such records as
belong to the Kistna transferred from Kolleru,
and sent to 2 Kistna Divisions as above
stated.
