No. 54. Endorsement of the Superintending Engineer, Fourth Circle, dated Coimbatore, 24th November 1881, No. 516

From Major A. T. FRASER, R.E., Executive Engineer, West Coast Division, to the Superintending Engineer, Fourth Circle, dated Calicut, 21st November 1881, No. 406.

I HAVE the honor, as some correspondence has taken place with the Examiner in connection with my furlough pay ending One letter from the Examiner, Public Works Accounts, No. 112 S.E. 4th, dated 19th November 1881, with its enclosures. with the enclosed letter from the Controller of Military Accounts, which clearly states the bearing of the case, to request that this my representation on the subject may be submitted for the favorable consideration of Government.

2. I would begin by stating that Mysore always formed part of the Presidency, and that I had a prescriptive right to be employed in the Public Works Department of that Province in preference to other candidates, or to be provided with an equivalent appointment elsewhere.

3. I was transferred to fill a vacancy in 1875, being the second occasion of my services being applied for by the Chief Commissioner of Mysore, the first having been in 1862, when Colonel Lawford was Chief Engineer.

4. After four years' charge of the head-quarters division, reductions of establishment had to be made in Mysore on financial grounds, and it unfortunately happened that these coincided with the general Public Works Department reductions of 1879 throughout India.

5. At the time the Proceedings of Government of India, No. 1605, 27 E.G. of the 3rd September, had not appeared, and it was arranged I should lose my appointment and be granted the same compensation as Deputy and Assistant Commissioners.

6. I objected to the arrangement, the more especially when I found on applying for leave that I could not obtain Indian furlough.

7. I was granted leave and drew as a private remittance, and subject to loss by exchange, a monthly compensation allowance of Rs. 276-13-6 under the Secretary of State's despatch No. 368 of 11th December 1879, Madras Government Order, Military Department, No. 681, of 3rd January 1880, for eighteen months.

8. It will be seen from the enclosed letter received by my Madras Agents from the Deputy Accountant-General of Mysore, that in addition to monthly compensation a gratuity of three months' pay was tendered which I have not known how to accept.

9. Not only has departmental promotion been deferred by being thrown out of employment, having only received one step in grade in thirteen years or since the year 1868, for which the gratuity is in itself inadequate compensation, but I have been placed on a different footing in the matter of pay and allowances to others.

10. I would respectfully suggest that it would be fair to me and an easy way of adjusting pay claims if I were admitted retrospectively to the benefit of Proceedings of Government of India, No. 1605, of the 3rd September, and considered to have been on special leave for the period of absence from India, viz., 7th September 1879 to, say, 20th March 1881, all that would then have to be done would be to calculate the furlough pay due under that order by the rules of 1868 and credit the sum paid as monthly compensation. The difference could be met by a payment from the Mysore treasury of the balance of the regulated allowance.

From D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Executive Engineer, West Coast Division, dated Madras, 19th November 1881, No. 112 S.E. 4th.

I HAVE the honor to forward herewith for your information copies of the correspondence noted in the margin, and, with reference thereto, to state that the Executive Engineer, Chingleput Division, has been requested to show in his next salary bill a deduction of Rs. 3-1-7, which represents the difference between the rates at 2s. and 2s. 0½d. per rupee on the furlough pay at 16 shillings per diem for the period from 17th February to 7th March 1881.

2. Furlough pay for the above period was admitted to you in the salary bill of the Chingleput Division for the month of March 1881, at the former rate, instead of at the latter, which, according to paragraph 5 of Pay Examiner's No. 2141, dated 5th October 1881, is correct.

ENDORSEMENT No. 749 S.E. 1st, dated 15th September 1881.

FORWARDED in original (to be returned) to the Controller of Military Accounts for favor of an expression of opinion on the points raised in Major Fraser's letter.

2. From Notification No. 230, published in Part I of the *Fort St. George Gazette*, dated 3rd June 1879, page 427, Major Fraser's services were placed at the disposal of the Military Department from the date he was relieved of his duties in the Mysore Public Works Department, and it would appear that he proceeded immediately on furlough under the rules of the Military Department applicable to his case.

3. The original disallowance list, item (b), bearing on the disallowance of Major Fraser's allowances while on furlough is attached for reference and return.

Memorandum from Examiner of Public Works Accounts, No. 749 S.E., dated 15th September 1881, forwarding original papers relative to Major Fraser's allowances during furlough.

Pay Examiner's Report.

Major A. T. Fraser, R.E., was granted 18 months, G.O.C.C., 1879, leave to Australia and England for eighteen months and twenty-one days on private affairs.

2. He embarked for England on the 8th September 1879 on the above leave, and returned to India on the 21st March 1881, G.O.G., page 51 of 1881.

3. The period of eighteen months during which he was entitled to leave from the Mysore revenues to the difference between his pay as a British Regimental Officer and the furlough pay that would have been passed to him under the furlough rules of 1868 expired on the 7th March 1881.

4. With reference to Major Fraser's claim to Indian pay proper from 8th to 20th March 1881, it is observed that as the twenty-one days' extension is stated to have been granted by the Secretary of State for India without pay, his claim to pay for that period appears inadmissible, as during the above period Major Fraser was out of India it is not understood on what grounds he claims Indian pay proper.

5. Any arrears of English furlough pay that may be due to him for any period within the eighteen months of his leave should apparently be paid to him in India at the exchange rate of 2s. 0½d. the rupee.

6. Major Fraser's name is included in the list of officers who elected the 1868 furlough rules prior to 1st July 1871, but this fact does not give him claim to have any arrears of British pay to which he may be entitled converted into Indian currency at the rate of 2 shillings the rupee, which rate of exchange applies to Indian furlough pay only.

To the Examiner of Public Works Accounts, Madras.

From H. HUDSON, Esq., Deputy Accountant-General of Mysore, to the Agent, Oriental Bank Company, Madras, dated Bangalore, 4th November 1879, No. 3682.

In continuation of my letter No. 3642, dated 1st instant, I have the honor to enclose for your signature two bills, one for Major Fraser's compensation allowance for loss of appointment and the other for his three months' gratuity. A copy of the Chief Commissioner's order under which the bills were prepared is also enclosed. On receipt of the bills duly signed the amount will be remitted to you by a transfer receipt.

A bill for compensation allowance at Rs. 276-13-6 per month for October and future months should be forwarded by you to this office with a life-certificate or a guarantee from your firm. No furlough allowance will be paid by the Mysore Government under the Chief Commissioner's orders enclosed.

The bills enclosed in your letters, Nos. 29/7806 and 29/7989, dated 22nd and 30th September 1879, are returned. The Power of Attorney has been retained in this office.

Forwarded as requested to the Chief Engineer for the favorable consideration of Government.

2. The case is a peculiar one and the Superintending Engineer cannot give an opinion on it except that he supposes that had Proceedings of the Government of India, No. 1605, dated 3rd September, been published before Major Fraser lost his appointment, he would have been allowed the special leave.

a Local Officer in
itself seemed to me
to be an undoubted
hardship, as he was
thus "de facto" com-

Sir,

Enclosures.

1 Letter from the
Examiner of W. Accounts.
No 112 S & L of
19th Nov/81 with
its enclosures.

I have the honor, as some correspon-
dence has taken place with the Examiner in
connection with my Hurlough Pay ending
with the enclosed letter from the Controller
of Military Accounts which clearly states
the bearing of the case, to request that this
my representation on the subject may
be submitted for the favorable consideration
of Government.

2. I would begin by stating that
Mysore always formed part of the Presidency
and that I think I had a prescriptive right
to be employed in the Public Works Department
of that Province in preference to other
Candidates, or to be provided with an
equivalent

equivalent appointment elsewhere.

3. I was transferred to fill a vacancy in 1875 being the second occasion of my services being applied for by the Chief Commissioner of Mysore, the first having been in 1862 when Colonel Lawford was Chief Engineer.

4. After 4 years charge of the Head Quarters Division, reductions of Establishment had to be made in Mysore on financial grounds and it unfortunately happened that these coincided with the general Public Works Department reductions of 1879 throughout India.

5. At the time the Proceedings of Government of India, No 1605, 27 E. G. of the 3rd September had not appeared and it was arranged I should lose my appointment and be granted the same compensation as Deputy and Assistant Commissioners.

6. I objected to the arrangement

AP 6
the more especially when I found on applying for leave that I could not obtain Indian Furloughs.

7. I was granted leave and drew as a private remittance and subject to loss by exchange a monthly compensation allowance of Rs 276-13-6 under the Secretary of States despatch No 368 of 11th December 1879 Madras Government Order Military Department No 681 of 3rd January 1880 for 18 months.

8. It will be seen from the enclosed letter received by my Madras Agents from the Deputy Accountant General of Mysore, that in addition to monthly compensation a gratuity of three months pay was tendered which I have not known how to accept.

9. Not only has departmental promotion been deferred by being thrown out of employment, having only received one step in grade in thirteen years or since the year 1868, for which the gratuity is in itself inadequate compensation, but I have been placed on a different footing in the matter of pay and

and allowances to others.

10. I would respectfully suggest that it would be fair to me and an easy way of adjusting pay claims if I were admitted retrospectively to the benefit of Proceedings of Government of India No. 1605 of the 3rd September, and considered to have been on special leave for the period of absence from India viz 7th September 1879 to say 20th March 1881 all that would then have to be done would be to calculate the Furlough Pay due under that order by the rules of 1868 and credit the sum paid as monthly compensation. The difference could be met by a payment from the Mysore Treasury of the balance of the regulated allowance.

The Case is a peculiar one and the Supp. Engineer cannot give an opinion on it except that he supposes that had Proceedings of the Government of India No. 1605 dated 3rd September been published before Major Fraser lost his appointment he would have been allowed the special leave.
