1 Report

I have the honor to submit for sanction a Plan and Estimate of Rupees 4200, for raising the main walls of the East and West Harness Rooms at St. Thomas Mount - putting in 16 upper windows and renovating the roofs.

2 The Harness Rooms were built in the year 1862 and have not the height which is allowed in the Standard plan subsequently made: the rooms are thus too dark to allow of the harness being properly cleaned. The roof of the buildings has become unsafe, owing to the wood work having sagged; and as it is

necessary that the roof should be removed and replaced it is most desirable that the walls should be raised at the same time and clere-story windows built to admit better light.

3. There are no funds available.
