GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

8th February 1881, No. 338 W.

Buildings and Roads.
Military Works.

Read the following paper:—

No. 25. From R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, Buildings and Roads Branch, dated Chepauk, 26th January 1881, No. 582.

I have the honor to forward you a letter from the Commissary-General, No. 8,854, dated the 25th January 1881, asking me to submit plans for certain structures in connection with the new mule stables.

2. It appears to me that, inasmuch as the mules are not watered now by any special arrangements, and that as the distance of the new mule sheds from the existing lines is practically no greater than before, the works required cannot be considered in any way contingent on the construction of the new sheds; hence as distinct works they should be considered and passed by Government previous to any estimate being drawn out.

No. 26. ORDER THEREON, 8th February 1881, No. 338 W.

The present mule and cattle sheds not being provided with a drinking trough and washing tank with pipes, nor with cattle attendants' lines, the cost of providing such for the new stables is not a legitimate charge against the new Post and Telegraph Offices, but will fall on "Military."

2. The question should therefore be submitted, through the proper channel, for distinct orders in the Military Department.

CONSULTING ARCHITECT'S OFFICE.

Report, 26 Jan'y 1881

From

THE CONSULTING ARCHITECT TO GOVERNMENT,

To

THE CHIEF ENGINEER, PUBLIC WORKS DEPARTMENT,

BUILDINGS AND ROADS BRANCH

Sir,

Enclosures 2

I have the honor to forward you a letter from the Army Dept. No. 5834, dated the 25th January 1881 asking me to submit plans for certain structures in connection with the new mules stables.

It appears to me that inasmuch as the mules are not watered now by any special arrangements and that as the distance of the new mule sheds from the existing lines is practically no greater than before the works required cannot be considered in any way contingent on the construction of the new sheds, hence as distinct works they should be considered and passed by Government previous to any estimate being drawn out.

I have the honor to be

Dear Sir

Yours most Obedt. Servt.

W. H. Fisher.

Consulting Architect to Government.

 The Consulting Architect
 to Government,

To
 The Chief Engineer, P. W. Department,
 Buildings and Roads Branch.

No. 582

Dated 26th January 1881

Received

No. of ENCLOSURES. 2

Forwards letters from the
 Commissary General requesting
 plans and estimates for addition-
 al works in connection with
 the New Mule Lines for Orders

Letter from the Consulting Architect
 to Govt., No. 582 d/26 January 1881.

FOR ORDERS.

As the present
 mule and cattle sheds
 are not provided with a
 drinking trough and wash-
 ing tank with pipes, nor
 with cattle attendants, the
 cost of providing such
 for the new stables does not
 seem to be a legitimate
 charge against the new
 Post and Telegraph office,
 but should fall on Military
