GOVERNMENT OF MADRAS

PUBLIC WORKS DEPARTMENT.

8th February 1881, No. 342 W.

Buildings and Roads,
Military Works.

Read the following paper:—

No. 33. From Brigadier-General H. O'CONNELL, Quartermaster-General, to the Chief Engineer and Secretary to Government, Public Works Department, dated Fort St. George, 23rd January 1881, No. 753.

I have the honor, by order of the Commander-in-Chief, to forward the enclosed letter from the General Officer Commanding Mysore Division, and with reference to it to request that the Executive Engineer at Bangalore may be directed to provide the gravel and sand required for the renewal of the flooring of the Royal Horse Artillery horse lines at that station, and that an early allotment of funds for the purpose, Rs. 807, be placed at his disposal.

2. The return of the enclosure is requested.

From Major-General W. PAYN, c.b., Officer Commanding Mysore Division, to the Quartermaster-General, Fort St. George, dated Bangalore, 25th January 1881, No. 33.

REFERRING to former correspondence on the subject of the horse lines, Royal Horse Artillery, which closed with your letter No. 1,276, dated 2nd October 1880, I have the honor to report that, to enable the Officer Commanding to carry out the renewal of the flooring of the lines, 32,648 cubic feet gravel and 10,882 cubic feet sand will be required, the cost of these materials at the rates given by the Executive Engineer here will be Rs. 807.

2. The estimate of cost made by the Officer Commanding the Battery largely exceeds this sum. I propose therefore that the Public Works Department be called on to supply the material, the Officer Commanding carrying out the work under Battery arrangements.

3. If this proposal is approved, I would request that a grant of the required sum for the material may be made at once so that the work may be completed before the rains begin.

No. 34. ORDER THEREON, 8th February 1881, No. 342 W.

THE Assistant Engineer at Bangalore will provide the gravel and sand required. An appropriation for the work of Rs. 807 is made from the Reserve under Military Repairs.

(True Extract.)

Major, R.E.,
Under Secy. to Govt., P.W.D.
