GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

10th February 1881, No. 367 W.

General.
Establishment.

Read the following paper:—

No. 50. From Captain A. AWDRY, R.E., Superintendent of Works, Buckingham Canal, to the Chief Engineer, Public Works Department, dated 26th January 1881, No. 2,846.

With reference to paragraph 5 of my No. 558 of the 15th May 1880, printed with G.O., No. 2,080 W., of 3rd September 1880, I have the honor to inform you that, on making up the accounts of receipts from licenses and tolls for the year 1880, I find that the sum collected is—As I hoped would be the case—very largely in excess of the average arrived at from the results between October 1879 and May 1880.

2. The figures are as follow:—

		Estimate based on Average.	Actuals for 1880.
		RS.	RS.
Licenses	...	19,000	19,661
Tolls	...	51,600	90,677
Total	...	70,600	1,10,338

showing an improvement of nearly Rs. 40,000.

3. The result is satisfactory, as it indicates the fact that the difficulties experienced by boat-owners have been met by the reductions in charges made, while at the same time traffic is increasing from the grain and other produce of the northern parts of Nellore being sent down the canal. A portion of the produce of the Kistna and Godavari Districts also finds its way to Madras through the canal.

No. 51. ORDER THEREON, 10th February 1881, No. 367 W.

RECORDED.

2. The improvement is most satisfactory.

(True Extract.)

Major, R.E.,

FEBRUARY.
Nos. 50-51.

Receipts from Licences and Tolls for the year 1880, on the Buckingham Canal. Letter from the Superintendent of Works informing that the — is largely in excess of the average earned at from the results between October 1879 and May 1880, recorded, and the improvement considered most satisfactory.

No. 2840

OFFICE OF THE SUPERINTENDENT OF WORKS,
BUCKINGHAM CANAL.

Camp, 26 January 1881.

From

THE SUPERINTENDENT OF WORKS,

BUCKINGHAM CANAL.

To

THE CHIEF ENGINEER,

PUBLIC WORKS DEPARTMENT,

Madras.

Enclosure.

With reference to pass 5 of message 558 of the 15th May 1880 printed with G. O. 20800 of 3d September I have the honor to inform you that on making up the accounts of receipts from Licences and Tolls for the year 1880 I find that the sum collected is — as I hoped would be the case — largely in excess of the average arrived at from the results between October 1879 and May 1880.

2. The figures are as follows

	Estimated based on average	Actuals for 1880
Licences —	19,000	19,661
Tolls —	51,600	20,677
Total	70,600	Rs 40,338

Showing an improvement of nearly

Rs 40,000.

3 The result is satisfactory as it indicates the fact that the difficulties experienced by Great Britain have been met by the reductions in charges made, while at the same time traffic is increasing from the grain and other produce of the northern parts of the valley being sent down the canal. A portion of the produce of the Humber and Go-Away Districts also finds its way to London through the canal.

I have the honor to be,
Sir,

Yours most obedient servant

A. Brown, Captain &c
Superintendent of Works
Buckingham Canal

Informs about the
 improvement by the
