

The Executive Engineer,
Bangalore.

Sir,

As requested by the proceedings of Government dated 2nd December 1880, No 2776 W, I have the honor to submit a new bill bearing in abeyance the extra families of the 67th Regiment.

2. My objection to the evident Oversight relating to the maximum fixed for batteries of Horse & Artillery having been overruled I must of course submit to it, but I beg again that the point be submitted to the Government of India as previously requested by me, having no doubt that the change in the code of this year must have been unintentional, or may be intended for garrison batteries which in the revised rules of 1873 have no maximum fixed for

Roman Catholics.
