GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

4th June 1880, No. 1,315 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 3. From the Secretary to the Government of India, Public Works Department, (Civil Works—Miscellaneous,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 20th May 1880, No. 141 M.

Referring to your letter No. 855 W., dated the 3rd April 1880, I am directed to state that the Government of India approves of the proposal of the Madras Government to adopt Mr. Parkes' open system of mooring for the Madras Harbour, and accordingly sanctions these materials being procured at an estimated cost of £18,000. I am to request that the Madras Government will set aside the necessary funds to cover the outlay on this account from the current year's grant, as it is not probable that any addition can be made to the grant already assigned for outlay on the harbour works during the current year.

2. I am to add that the Secretary of State has been advised by telegram of the approval of His Excellency the Governor-General in Council of the estimate for providing mooring apparatus for the Madras Harbour.

No. 4. Order thereon, 4th June 1880, No. 1,315 W.

Communicated to the Superintendent of the Madras Harbour Works.

2. As serious delay to the progress of the works would be caused by setting aside two lakhs out of the budget grant for the current year, in which no provision for the moorings was included, the Secretary of State will be requested so to time the despatch of the gear as to allow of the payments on its account falling in 1881-82 instead of the current official year.

3. Ordered that a copy of these Proceedings and of the despatch to the Secretary of State be forwarded to the Government of India for information.

(True Extract.)

MOORINGS FOR THE MADRAS HARBOUR WORKS.—Forwarding copy of Proceedings and Despatch to the Secretary of State relative to the purchase and payment of —.

PUBLIC WORKS DEPARTMENT.

No. 29.

TO THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

"Time despatch harbour moorings to allow payments to be made after March next."

MY LORD,—In continuation of our despatch of the 20th April, No. 19-A, and of the marginal telegram of the 2nd June, we have the honor to forward copy of our Proceedings, under date the 4th June, No. 1,315 W.

2. We observe that your Lordship was advised by telegram of the approval of the Government of India to the estimate for providing mooring apparatus for the Madras Harbour.

3. When estimating the outlay during the current year, no provision was made on account of these moorings, and as it is of very great importance that the progress of the works should in no wise be retarded, we would request that their despatch may be so timed as to allow of the payments being made in 1881-82 instead of the current official year.

Nos. 1,120-A W., and 1,120-B W, of the 10th May 1880.

4. We take the opportunity of forwarding copy of the Proceedings and letter noted in the margin.

We have the honor to be,
My Lord,
Your Lordship's most obedient, humble servants,

OOTACAMUND,
12th June 1880.

Read the following paper :—

No. 90. Despatch from the Most Honorable the Secretary of State for India.

Public Works,
No. 13.

India Office, London,
29th July 1880.

From Secretary of State, to Governor of Madras, dated 1st July 1880.
From Governor of Madras, to Secretary of State, dated 2nd July 1880.

My Lord Duke,—With reference to your Grace's letters, Nos. 19 A. and 29, dated 20th April and 12th June last, and to the telegrams noted in the margin, I have to acquaint you that the supply of mooring apparatus for the Madras Harbour Works indented for by you is being proceeded with in this country, and that the stores will probably be despatched to Madras by the end of October next.

No. 22, dated 29th July 1880.

2. I enclose copy of a despatch which I have recently addressed to the Government of India, by which your Grace will learn that I have not deemed it advisable to delay the purchase of the stores, and that I have accordingly requested the Government of India, in consultation with your Government, to make the necessary arrangements for meeting the cost of the supply during the current financial year.

I have, &c.,
(Signed) HARTINGTON.

His Grace the Most Noble
The Governor in Council, Fort St. George.

Public Works Despatch to Government of India, dated 29th July 1880, No. 22.

The Government of Madras have recently requested the purchase in this country of mooring apparatus for the Madras Harbour Works, intimating at the same time their inability to meet the cost of the supply, about £18,000, till the 1st April 1881.

2. Mr. Parkes, the Engineer of the Harbour Works, has represented to me that the supply of the apparatus is urgent, as the harbour will in all probability be sufficiently advanced by the end of this year to afford shelter to shipping supposing moorings are placed in it by that time.

The importance of using the harbour at as early a date as possible is obvious, and I have decided therefore on proceeding at once with the supply of the mooring apparatus, and request that your Government, in consultation with the Government of Madras, will make such arrangements as may be necessary for meeting the cost of the supply before the close of the current financial year.

3. The stores, it is expected, will be ready for shipment to Madras by the end of next October.

No. 91. ORDER THEREON, 30th August 1880, No. 2,048 W.

COMMUNICATED to the Superintendent, Madras Harbour Works, and to the Marine Department.

2. The Government of India will no doubt address this Government in regard to the provision of funds for the moorings.

No. 139. From Captain W. P. TOMKINS, R.E., Assistant Secretary to the Government of India, Public Works Department (Civil Works—Miscellaneous), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 11th September 1880, No. 215 M.

REFERRING to the despatch from the Secretary of State to the address of His Excellency the Governor of Madras, No. 13 P.W., dated the 29th July 1880, requesting that arrangements may be made to meet the cost of the supply of the mooring apparatus for the Madras Harbour Works during the current official year, I am directed to request that every effort may be made by the Madras Government to provide for this outlay by reappropriation of budget credits already allotted. An early report on this matter is requested.

No. 140. ORDER THEREON, 24th September 1880, No. 2,244 W.

ORDERED that the following letter be addressed to the Government of India.

(Here enter No. 2,245 W., dated 24th September 1880.)

Moorings for the Madras Harbour Works.—Ordered that the Government of India be addressed on the inability to provide funds for — in current official year.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 2,245 W.

No. 141.

From

The SECRETARY to the GOVERNMENT of MADRAS,
Public Works Department,

To

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,—In answer to your letter of the 11th September, No. 215 M., I am directed to say that no such reappropriations as those suggested, with a view to provide for the outlay on the moorings for the Madras Harbour, can be made.

2. In the despatch from this Government, No. 29, of the 12th June last, copy of which was forwarded under cover of docket, No. 1,316 W., of the 4th idem, and in telegram of the 2nd July, it was intimated to the Secretary of State that no provision had been made on account of the moorings, and that there would be no funds at the disposal of this Government for the purpose during the current official year.

3. These remarks still hold good. Arrangements have been made for the expenditure of the whole of the current year's grant for the Harbour Works. To reduce the expenditure on works in order to meet the cost of the moorings, would, I am to say, be injudicious in the extreme; so much of the expenditure is independent of the rate of progress that it is the best economy to push on the works as fast as possible, to utilise the plant to the fullest extent, and to accelerate as much as possible the approach of the period when the Harbour will begin to produce a return for its cost.

4. Nor can this Government consent to reduce the expenditure from the ordinary Provincial grant in order to find the two lakhs of rupees needed for the moorings. To do so would be prejudicial to the interests alike of the country and the Public Works Department. The whole establishment would be dislocated by such an arrangement.

I have the honor to be,
Sir,
Your most obedient servant,

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

Stating inability to provide funds in current official year for moorings for the Madras Harbour Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

29th October 1880, No. 2,502-A W.

Buildings and Roads.
Civil Works.

Read the following papers :—

No. 126. From F. N. THOROWGOOD, Esq., M. Inst. C.E., Superintendent, Madras Harbour Works, to the Secretary to Government, Public Works Department, dated Madras, 18th October 1880, No. 49 W.

I have the honor to enclose herewith copies of correspondence between the Examiner of Public Works Accounts and myself regarding funds for these works.

2. You will see that I shall require Rs. 1,57,230 in addition to the Rs. 12,00,000 sanctioned for the current year for the works alone. But the Examiner tells me that I ought to allow for the moorings in my request for supplemental funds.

3. I am not aware in what state the mooring contract at home is, so I allow Rs. 1,80,000 additional, which should be sufficient to cover the cost of what will be done by 31st March 1881.

4. A total supplemental grant of Rs. 3,37,230 will, therefore, be required to carry work on at full speed to the end of the present financial year.

From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Superintendent, Madras Harbour Works, dated Madras, 12th October 1880, No. 515 X.

I have the honor to bring to your notice that, according to the entries in your return of grants, expenditure, and balance on the 10th September 1880, your expenditure amounts to nearly eight lakhs, leaving about four lakhs for expenditure in the ensuing six months, which according to G.O., No. 2,048 W., of the 30th August 1880, will also have to meet the outlay in England on the mooring apparatus.

2. It appears therefore desirable that you should make a very careful estimate of your probable requirements for the next six months, and if there appears to be any ground for apprehending an excess of outlay over grant, it is necessary that you should lose no time in representing the matter to Government and applying for a supplemental grant.

From F. N. THOROWGOOD, Esq., M. Inst. C.E., Superintendent, Madras Harbour Works, to the Examiner of Public Works Accounts, dated Madras, 16th October 1880, No. 52 C.

In reply to your letter No. 515 X, of the 12th instant, I have the honor to state that I shall require a supplemental grant for the works themselves apart from the funds required for the moorings.

2. It will be remembered that my original request for the current year was cut down from Rs. 12,44,764 to 12 lakhs of rupees, that being the limit which could be allowed at the time, so there is nothing surprising in the fact that this sum will be exceeded.

3. I estimate that I shall require an additional grant of Rs. 1,57,230 for the works up to 31st March, and a further sum of Rs. 1,80,000 for the moorings or as much of them as can be fixed by 31st March. This gives a total of Rs. 3,37,230 required for the remainder of the financial year in addition to the grant of Rs. 12,00,000 already sanctioned.

4. Copies of this correspondence will be forwarded to the Government.

No. 126-A. From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 20th October 1880, No. 114 W.

COPY of the following forwarded to the Secretary to Government, Public Works Department, for information.

From the Examiner of Public Works Accounts, to the Accountant-General, Public Works Department, dated 19th October 1880, No. 137 A.

I have the honor to submit for your information copy of the letter received from the Superintendent of the Madras Harbour Works in reply to my letter No. 515 X, dated the 12th instant, copy of which was forwarded with this office endorsement No. 131 A of the 12th idem.

No. 126-B. From Captain W. J. TOMKINS, R.E., Assistant Secretary to the Government of India, Public Works Department, (Civil Works—Miscellaneous,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 18th October 1880, No. 243 M.

REFERRING to your letter, dated the 24th September 1880, without number, I am directed to state that, since it has been found impracticable to provide the necessary funds by re-appropriation of the Madras Budget credits, to meet the outlay on the mooring apparatus for the Madras Harbour, I am directed to request that the necessary provision for the outlay in question may be made in the Regular Estimate for the current year. Including this amount the total outlay on the Harbour Works during the current year must not exceed 14 lakhs.

No. 127. ORDER THEREON, 29th October 1880, No. 2,502-A W.

ORDERED that the Government of India be addressed.

2. The orders contained in the Government of India letter above quoted are communicated to the Superintendent, Madras Harbour Works, and the Examiner of Public Works Accounts for information and guidance.

(Here enter No. 2,502-B W., dated 29th October 1880.)

From

The SECRETARY to the GOVERNMENT of MADRAS,
Public Works Department,

To

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,—I am directed to forward copy of Proceedings of this Government marginally noted in regard to the insufficiency of the current year's grant for the Harbour Works. The premature exhaustion of the allotment is due simply to rapid progress which is *per se* a matter for congratulation, and on every ground it is desirable that the additional grant required by the Superintendent of the Works should be made. "Provincial" being responsible for the interest, there can, it is presumed, be no financial objection to the grant.

No. 2,502-A W., dated 29th October 1880.

2. It has been from time to time urged by this Government that nothing should be suffered to stand in the way of the earliest possible completion of the Harbour, so that the costly establishment should be utilised to the utmost and discontinued as soon as possible and a return obtained at the earliest possible date.

3. The cost of the moorings will, in accordance with the instructions given in your letter of the 18th October 1880, No. 243 M., be included in the Regular Estimate for the year.

I have the honor to be,

Madras Harbour Works.—Letter from the Government of India communicating sanction of an additional grant of Rs. 1,37,230 for the —, communicated to the Superintendent and the Examiner of Public Works Accounts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

1st December 1880, No. 2,766 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 7. From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 22nd November 1880, No. 151 W.

I HAVE the honor to forward copy of Accountant-General's, Public Works Department, letter No. 734 G., dated the 3rd November 1880, and also copy of letter from the Superintendent of the Madras Harbour Works, No. 67 C., dated the 15th instant, written with reference thereto, for such steps as the Government may consider necessary to take for furnishing the Superintendent with timely notice of the state of the expenditure on the moorings in England.

2. This seems necessary in order that the Superintendent may ascertain, in time, how much of the total grant for the Harbour Works can be utilized on the work, after providing for the mooring apparatus, the cost of which in the current year may be definitely known by the Secretary of State.

3. If definite information is not obtainable, it is imperative that the outlay on the work should be restricted to 12 lakhs, for it is plain that the additional 2 lakhs have been sanctioned in the Government of India's Proceedings, No. 243 M., dated the 18th October 1880, solely to meet the outlay in England on the mooring apparatus.

From the Accountant-General, Public Works Department, to the Examiner of Public Works Accounts, Madras, dated 3rd November 1880, No. 734 G.

Your No. 137 A., dated 19th October 1880.

I shall feel obliged by your pointing out to the Superintendent of the Madras Harbour Works that the amount placed at his disposal must be his guide in the way of expenditure, and that it is his duty to keep the outlay of each year within the grant assigned for that period. The remarks made in paragraph 2 of his letter, No. 52 C. of the 16th ultimo, clearly show that he is ignorant of his duty in this respect, but he altogether omits to notice the heavy excess over the grants that he allowed to occur last year, which has been remarked upon by both the Governments of India and Madras.

2. If more funds are needed for this year's transactions they should be applied for in due time, and no outlay in excess of the present grant should be allowed to be incurred unless that grant is increased.

From the Superintendent, Madras Harbour Works, to the Examiner of Public Works Accounts, dated 15th November 1880, No. 67 C.

WITH reference to your memorandum No. 636 X., of the 10th instant, forwarding copy of letter from the Accountant-General, Public Works Department, No. 734 G. of November 3rd, I have the honor to state that it will be extremely difficult for me to ascertain what amount of money has been spent upon the moorings in England.

2. I learnt by last mail that expenditure has already been commenced under this head, but I do not know to what extent. If towards the end of March a heavy charge should come in for moorings, of which at present I know nothing whatever, I do not see how I can be certain to keep within the budget grant except by reducing the work here to an extent which would be most injurious to the whole undertaking.

3. If it is in your power I wish you would arrange that I may be promptly and regularly informed as to the state of expenditure on the moorings in England, because I cannot even guess what sum is required at the present date. My whole information is that Rs. 1,80,000 should cover the total cost of the mooring apparatus fixed in position.

No. 8. ORDER THEREON, 1st December 1880, No. 2,766 W.
