

No 244.

Chinglaput D^l. Office
Saint Thomas Mount, 24 January 1881.

From,

The Executive Engineer
Chinglaput Division.

To,

The Superintending Engineer
2^d. Circle.

Sir,

With reference to your Endorsement No. 25 C.N. dated 20th January 1881, I have the honor to inform you that the information was called for in October/79. { when Sub Conductor, Mr. Taylor was '81
3 months. { in Charge of the Sub Division, Mount, who was succeeded by Captain Wiffen in January 1880 - He appears to have taken no steps in the matter until 7 months. his relief in August last. On receipt of a Call from the Military Authorities, 3 months. in November 1880, I requested Mr. Supervisor Lord to furnish the information.

information as soon as possible,
but he having been ordered suddenly
to Cuddalore the paper was transferred
to Ouseur Valayutha Modr to whom
urgent reminders are being sent, as
soon as it is received, it will be
furnished to the military Authorities. ^{2 months}
15 months.

I have &c

(sig) Ross Thompson
Major R.C.
En. Engineer Chingleput D^o.

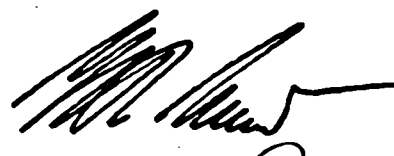

No. 39

True Copy - Forwarded to the
Chief Engineer with reference to
his No. 110 dated 17th January 1881.
It is evident that the reference
was utterly lost sight of until
the reminder was received last
November the reason being the
Constant Change of Officers and
the State of the Office. And
now there is further delay in
consequence

Consequence of the removal of
Mr. Supervisor Lord who was sent
to South Arcot Division to assist
in repairing the damages by the
late Cyclone.

Mr. Sub Engineer Sanderson
has been just ordered to be transferred
from North Arcot to Chingleput
Division and it is hoped with this
assistance the delays of this sort
will not occur. It must be re-
membered that in 15 months there ¹⁸⁸¹
have ^{been} 5 Officers in charge of Chingleput
Division and that Major Ross Thompson
has been in charge only 2 months.

P. W. DEPARTMENT.

Read the following:—

From the Superintending Engineer, Second Circle,
No. 39, dated 27th January 1881.

FOR ORDERS.

Forwarded

The Chingleput
Division has been
especially unfortunate
in the ^{numerous} constant changes
which have lately taken
place among both
in the higher
officers and subordinates,
and this may be
accepted as to some
extent accounting for
the delay which has
taken place.

2. The last part of
Major

Major Thompson's letter
is not satisfactory;
it is the duty of an
Executive Engineer to
attend himself to
questions of this kind,
and not to allow them
to be delayed by the
dilatoriness of a
subordinate.
