SUPERINTENDING ENGINEER'S OFFICE, 3RD CIRCLE,

No. 1995 T.T. Camp Shalintole 25/12/1880.
Desd: 31st.

From Lieut Col J. Beatty R.E.
Superintending Engineer, 3rd Circle,

To Colonel R. H. Sankey B. B. R.E.
Chief Engineer P. W. D.
Thro: the Scammier P. W.

Sir,
I have the honor to bring to your notice the claim for annual increments on behalf of three clerks of my Office; the increments having been disallowed by the Scammier.
2. When the Department was reorganized in 1878 and the Sup^e Engineer System re-introduced the three clerks in question were granted the minimum salary of the grade to which they were appointed and the first annual increment became due to them in December 1879.

3. The first increment was sanctioned by the late Superintending Engineer Mr. Rendall after satisfying himself that the clerks for whom the claim was made had rendered approved service.

- P. Parameswaram
Naidu.
- J. R. Sashashini
Law.
- J. V. Mittuchetty

but the Examiner deferred audit of the claim pending reply to a reference made by him to Government; and finally passed claim in May 1880, apparently on the authority granted in your Circular No 1053 of the 8th April 1880; and the clerks drew the increments in arrears.

4. The Examiner again in the month of August, and subsequent months, deferred audit of the claim for annual increment on behalf of those three clerks, calling for certain information; and, after all the particulars he required had been furnished, he finally disallowed the claim from December 1879, and has requested me to recover the amount already drawn giving as his reason that annual increments will not be passed to the clerks until 1st April 1881 under clause 1 para 3 of G.O. No 1636 W of the 12th July 1880.

5. I submit that it is very hard on the clerks to make them repay the amount sanctioned and drawn by them since December 1879 under an order

order passed so long after as 12th July 1880 or 7 1/2 months after the clerks began drawing the increments.

6. I may add that the G.O. neither rules that the Chief Engineer's Circular quoted above, under the authority of which the clerks drew their increments had been cancelled, nor is it stated in the G.O. that the increments already passed should be retrenched.

7. Under these circumstances I request you will be good enough to authorize the Examiner to pass the annual increments at least to those ^{to whom} it was granted and passed prior to the issue of the G.O. of 12th July 1880.

8. Copies of Examiner's Disallowance lists are herewith forwarded for your information.

2. The annual increments of the clerks were deferred under special orders, as the subject of increments and examination of clerks were under consideration. Final orders regarding increments were received in July 1880, and from para 3, 1st clause of G.O. No. 1636 W dated 12 July 1880, it will be observed that the clerks in question will not be entitled to their annual increments before 1st April 1881.

The Supy Engineer 3rd

to three men in the office
of the former.

2. Prior to their transfer
to the graded scale the
three men drew

FOR ORDERS.

and placed on the minimum salaries of their grades.

Clerks (1) & (3) therefore received an immediate increase of pay.

4. In December 1879 the Supg Engineer granted each of the men their first annual increments, but it is stated that these were at first disallowed by the Examiners and subsequently passed in May 1880, apparently under the authority of Chief Engineer's Circular N^o 1053 of 8th April 1880.

5. In August 1880 the Examiners again objected to the increments, and finally disallowed them in September

under G.O. N^o 1636 of 12th July 1880, which rules that first increments are only admissible on 1st April 1881.

6. The Supg Engineer thinks it hard that the men should be required to refund the amount drawn by them since December 1879, under an order dated seven months later, and he asks that the Examiners be authorized to pay the annual increments at least to those to whom it was granted prior to the issue of G.O. 7. The men in question have all received an immediate increase of pay by their transfer to the graded scales and it is not
