

Explanation of necessity for modifica-
tions applied for

I have proposed to cut down these grants for Original Works to provide funds, first for meeting the outlay on the embankment from 46 to 68 miles on which under the authority of Government I spent Rs 9,500, and secondly to provide as much money as I can from the amounts allotted to the canal already towards the cost of the emergent clearances necessary after the North East Monsoon to maintain the canal open for traffic and not lose Revenue
