Honored Sir

I beg most respectfully to bring to your kind notice that I in conjunction with Mrs. F. Pope worked at the seven Pags-das for 6 months. During that time I have not only taken much pain in the preparation of the work but also suffered much owing to the scanty allowance granted to us by the Survey Department. When the matter i.e., allowance being very small was represented to Major Pennycook B. Es. by Mrs. F. Pope it seems that gentleman promised that he would recommend us for an honorarium after the completion of the work and that he could not do anything then as the work was carried out entirely under the supervision of a separate department. I strongly believe that Mrs. F. Pope will bear testimony to the pains I

had

had taken and inconvenience I was
put to and also believe that if enquiries
were to be made it would be evident
what large amount of work was turned
up by me during that short space of time.
Now that an honorarium of Rs. 200.
is being granted to Mr. H. Pope I beg
to say that I who worked equally hard
with him is entitled to some such con-
sideration and therefore I request
you will be good enough to repre-
sent the matter for the favorable
consideration of the Under Secretary.

With the sentiments of the most
profound respects for the length and
civility of this humble communication.

I beg to remain

Petition from Maucum Moodelly,
 Draftsman, P.W. Secretariat of 14 Feb/81.

FOR ORDERS.

In submitting my proposals in regard to the seven Pagodas, I recommended that an honorarium should be sanctioned to Mr. Pope for the ^{very} satisfactory way in which he carried out the special work on which he was deputed. A sum of Rs. 200 has accordingly been passed to him. I omitted however to mention that Mr. Pope had been ably assisted by Draftsman ^{and Thapoojoo} Maucum Moodelly of this office, whose services should also I think be suitably
