GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

25th February 1881, No. 503 W.

General.
Account.

Read the following paper:—

No. 92. From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 6th November 1880, No. 132 W.

With reference to G.O., No. 2,326 W., dated the 9th October 1880, I have the honor to explain that while expenditure on all other branches was prohibited after the 31st December 1878, and the balances of grants resumed by Government, the Examiner was authorized in G.O., No. 4,858 W., dated the 27th December 1878, to issue letters of credit to the extent of one-third of the Local Fund grant, for continuing the execution of Local Fund Works in those districts classed as "famine" pending the issue of revised budgets for January, February, and March 1879.

2. In issuing the revised budgets, the Government, in paragraph 3 of their Order No. 745 W., dated the 12th March 1879, restricted expenditure to those works only that were entered in Appendix C of the Budget, which *did not* provide for the two works under notice. As one of the works was commenced after the 31st December 1878, it was considered under the circumstances to have been undertaken without an appropriation of funds. Outlay amounting to Rs. 53 was incurred on the other work prior to 31st December 1878 against the budget grant of Rs. 10,950, and therefore outlay incurred subsequent to the resumption of balance of grant was considered to have been incurred in excess of grant.

No. 2,492.

REFERRED to the Superintending Engineer, First Circle, for remarks.

11th November 1880.

(Signed) J. PENNYCUICK, Major R.E.,
Under Secy. to Govt., P.W.D.

No. 92-A. From Lieutenant-Colonel H. L. PRENDERGHAST, R.E., Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Madras, 23rd November 1880, No. 2,558.

In returning your endorsement No. 2,492, of the 11th instant, I have the honor to explain that G.O., No. 745 W., of the 12th March 1879, was received on the 27th March, and it was impossible then that the orders could affect the expenditure during March and the two previous months.

2. The Examiner admits that one-third of Local Fund grants could be spent in famine districts after the 1st January 1879, therefore upon the order that he quotes the work that was commenced after the 31st December was not without appropriation, and on the work that was begun before the 31st December the expenditure was not in excess of the grant.

No. 92-B. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 15th February 1881, No. 73.

With reference to paragraph 3 of G.O., No. 2,010 W., dated 25th August 1880, I have the honor to report as follows:—

Without Estimate.

Item No. 3.—Chingleput.—Road from Koratur to Periapolliem. An estimate of Rs. 16,700 was sanctioned for this road in G.O., (Revenue Department) No. 1,873, of 1st June 1877.

Item No. 7.—Malabar.—Peria Ghât and road to Mysore frontier. A revised estimate of Rs. 2,51,233 was sanctioned for this item in G.O., No. 3,248 W., dated 16th December 1879.

Excess over Estimate and Appropriation.

Item Nos. 8 and 3.—Malabar.—Road from Calicut to Mysore frontier *via* Tambracheri Ghât and Sultan's Battery. The excess of Rs. 5,418 was incurred on authority of the President, Local Fund Board. Government in their Order No. 1,673 W., dated 23rd June 1879, have referred the question to the Financial Department to enable the Examiner to finally admit the outlay.

2. The irregularities were removed previous to handing over the works to other agency.

No. 93. ORDER THEREON, 25th February 1881, No. 503 W.

Communicated to the Examiner of Public Works Accounts, who it is presumed will now be able to remove the objections referred to.
