Explanation of necessity for modifications applied for.

The Estimate was sanctioned in G.O. No. 1582 W dated 6 July 1880. The Executive Engineer states that the whole of the allotment would have been utilized but the work has been thrown back owing to late rains (up to 20 January) and to the cyclone, by which the Contractor sustained the loss of about 2 lacs of moulded, but unburnt bricks and the sheds which covered them were destroyed. Hence it has become necessary to surrender Rupees. 2000.
