

No. 3177

OFFICE OF THE SUPERINTENDENT OF WORKS,

BUCKINGHAM CANAL,

Copy, Chepault 24th February 1881
sent 25th do

From

THE SUPERINTENDENT OF WORKS,

BUCKINGHAM CANAL,

To

THE CHIEF ENGINEER,

PUBLIC WORKS DEPARTMENT,

Madras.

SIR,

Enclosure.

With reference to Mr. Ellis' appointment to this Division I have the honor to inform you that I think his services will at present be most usefully employed in taking charge of the working up of the Canal Completion Estimates at Head Quarters.

2. *Mr. Ellis has recently had a large amount of such work to do in the Central Delta of the Godavari and will get the plans up in book form with care and neatness.*

3. *The Survey supervision in addition to charge of his Sub Division is as much as Mr. Ottmann can do, and I find that the work of the Division*

~~the details~~
with it leaves me less
time than I could wish for in which
to work at the estimate.

4. Mr Ellis will at present
be of far more use at Head Quarters
in Madras working up the plans and
estimate than he would be in Ramapatam
in charge of the Northern Sub Division
though when work is being pushed
on after the estimate has gone in his
experience will be of great value.

5. In reporting this arrangement
made under para 296(2) I have the honor
to solicit the sanction necessary under
para 38 of the code for the disbursement
to Mr Ellis of the Presidency Allowances
laid down in the code.

I have the honor to be
Sir

Your most obedient servant
A. Austrey, Captain. R.E.
Superintendent of Works
Buckingham Canal

S.W.C. No 1232.
