Fort William, February 10, 1881.

SIR,

It has been the custom lately to appoint 90 per cent. of the
passed students of the Royal Indian Engineering College to the 2nd grade of
Assistant Engineers, and 10 per cent to the 3rd grade. In the absence of
any rules on the subject, it has happened that officers appointed 3rd grade
Assistant Engineers in one year have been superseded as 2nd grade
Assistant Engineers by the students of the following year.

2. This needs to be remedied, and I am to state that the Government of
India considers that the students, who are appointed 3rd grade Assistant
Engineers, should be promoted to 2nd grade after a year's service, provided
they have conducted themselves satisfactorily, the test prescribed in P. W.
Code, Chapter II, Section i, para. 17, being passed before promotion to the
1st grade. This order should have retrospective effect.

*Circular from the Govt. of India, No. IV
Public Works, dated 10th Feb'y: 1881.*

FOR ORDERS.

*The only officer of the
Madras Public Works
Department, who can
be promoted under
this ruling is Mr.
R. H. Dorman, who
passed out of the
College in England
in September 1879,
underwent a practical
training of twelve
months at home,
and joined the Department*

in

in the third grade
at the end of last year.

2. Messrs Clerk and
Pears who joined the
Department at the same
time in the 2^d grade
are students of the
following year. and
if it be decided to
promote Mr. Dorman
he will be placed
above those gentle-
men, who are only
now going through
their practical course.

3. Para 2 of the letter
of the Secy. of India
says that "Students
who are appointed
3^d grade Assistant

Ordinary.
After this case
is settled he
will be in
charge of the Indian
Office.

Engineers should be
promoted to 2^d grade
after a year's service."
4. Mr. Dorman has not had
a year's service in India,
but it is thought,
that, inasmuch as
officers appointed to the
second grade cannot
service from the com-
mencement of their
year's training, that year
may in his case be
considered as "service",
and qualify him for the
promotion sought by
him in his letter of the
24th November 1880, which
was forwarded to the
Secy. of India on the 7th
of last month.
