

No. 1,850.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 6th December 1880.

Read the following letter from A. W. B. HIGGINS, Esq., Vice-President, to S. T. MCCARTHY, Esq., President of the Local Fund Boards, Cuddapah, dated 11th September 1880, No. 702 :—

In forwarding, herewith, for submission to Government, through the Board of Revenue, the accompanying two estimates and an extract from the Resolutions of the Cuddapah Circle Board, dated the 6th instant, I have the honor to request that you will be good enough to obtain their sanction for the proposed transfer of Rs. 10,702 from the several items referred to in the Resolution to the two items, viz., Chittoor-Kurnool road from 185th mile 1st furlong to 206th mile, all in Cuddapah Taluk, and Cuddapah-Vaimpalli road from 14th mile 6th furlong to 22nd mile.

2. The former is an old road requiring thorough repair and the latter is a portion of roadway which is as yet unmade.

3. The estimate for repair of the Chittoor to Kurnool road amounts in round figures to Rs. 9,651. Of this sum, Rs. 3,062 can be covered by the already sanctioned maintenance of the road in Cuddapah Taluk (Item No. 6 of Part II of the Budget), but the remainder, viz., Rs. 6,589, must, in the opinion of the Local Fund Board, be provided partly by a deduction of Rs. 2,000 from the maintenance of the same road in Proddutur Taluk, and by further deductions from the maintenance grants of other roads in the Circle as detailed in the enclosed statement.

4. In the same way the allotment for the current year for the new portion of the Vaimpalli road is Rs. 3,000 (*vide* Part I, New Works, Item No. 1,) but the estimate now submitted requires an expenditure of Rs. 7,113. It is again proposed that the balance of Rs. 4,113 should be met by transfers from the maintenances of other works, and the details are given in the accompanying statement.

5. Thus the total sum to be transferred to these two works is Rs. (6,589 + 4,113) = 10,702 rupees.

No. 1,036.

SUBMITTED, through the Board of Revenue, for the sanction of Government. The Cuddapah Local Fund Board, some time ago, decided to select certain important roads in bad order and put them in thorough repair, withdrawing for that purpose, where necessary, portions of allotments for roads of lesser importance and not in urgent need of repair. Estimates were then called for, and those for two of the roads (those now under reference) being ready are herewith forwarded. The Chittoor-Kurnool road referred to one of the most important in the district, as it constitutes the main line of communication between this and the subdivision. The portion now proposed to be repaired is, however, in such bad order that the ordinary maintenance grant of Rs. 150 a mile is quite inadequate to put it into thorough repair. The other proposed road is also portion of an important line of communication between Cuddapah and Vaimpalli.
