To  
The Chief Engineer

Sir,  
P. W. D.  
Madras.

N. 70. 27<sup>th</sup> Feb  
1881.

I have the honour to forward  
for your information (and return) a letter  
from Lieutenant Henderson explaining  
the cause of delay of returns, as noted at the  
foot of the Examiner statement in G.O.  
N. 170 W. of the 3<sup>rd</sup> January 1881.

In this instance, there is, in my opinion,  
every cause for the delay. There is a good  
deal of unnecessary labour where printed  
forms are not at hand; and in waiting for  
these the Executive Engineer has to send on  
his other accounts without the statement of objec-  
tionable items.

I have the honour to be  
Your most obedt servant.
