I have the honor to state that the
Dining Room for clerks of the P. W. Offices,
Chepauk now under construction was de-
signed with open sides. This renders the
building unsuitable for the purpose for
which it is intended. If built as designed
the building simply cannot be used as
Dining rooms. It is proposed therefore
to divide it into rooms and to enclose
it on the sides by dwarf walls 4 feet
high with 3 feet of open brickwork above
as shown in the enclosed Plan.
