GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

29th March 1881, No. 847 W.

Buildings and Roads.
Civil Works.

Read the following papers :—

No. 87. From Lieutenant-Colonel J. BEATTY, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 24th February 1881, No. 2,340 T.J.

As directed in paragraph 3 of G.O., No. 230 W., of 28th ultimo, I have the honor to report on the likelihood of funds being utilized in next official year on the new District Jail of Tanjore, should they be made available.

2. The plan of the new Tanjore Jail will be very similar to the revised plan of the Palamcottah Jail which is now under preparation, the particulars having been recently settled by the Inspector-General of Jails. That plan will be submitted for sanction about the end of March, and the one of the Tanjore Jail may possibly be submitted and sanctioned by end of the first quarter of 1881-82. It is therefore probable that at least Rs. 10,000 should be provided in the budget of 1881-82 for the Tanjore Jail.

3. Doubtless the opinion of the Inspector-General of Jails will be taken as to whether the new jail is to be situated at Tanjore as originally proposed. If it is to be built there, this dry season should not be lost for the preparation of brick of which it must principally be built, and I would in that case request authority to arrange with the Executive Engineer at once for the preparation of a large stock of bricks; no funds will be required in this year, but permission should be given to make arrangements, enter into contracts for materials, &c., at once and make payments after 1st April.

4. The Collector has just informed me that a site for the new jail was selected and the compensation settled by him in 1878. It was a piece of inam land belonging to certain charities, and was declared by Government at page 372 of the *Fort St. George Gazette* of 9th July 1878 to be needed for the District Jail. The site has ever since been reserved for that purpose, but the compensation fixed by the Collector, Rs. 2,508-2-6, has not yet been paid. The question of site should now be finally settled, and, if it be decided to build it on the spot originally selected, the compensation should be paid. The area of that plot of land was acres 13 cents 60.

No. 88. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 1st March 1881, No. 3,364.

With reference to paragraph 3 of G.O., No. 230 W., dated 28th January 1881, I have the honor to report that it is not likely that more than Rs. 8,000 can be utilised on the District Jail at Kurnool during the next official year.

Sir,

As directed in para 3
of G. O. No. 230 W of 25th ultimo,
I have the honor to report on the
likelihood of funds being uti-
lized in next official year on the
New District Jail of Tanjore, should
they be made available.

2. The plan of the new Tanjore
Jail will be very similar to the re-

the Langoe Jail may possibly be submitted and sanctioned by end of the first quarter of 1881-82. It is therefore probable that at least Rs 10,000 should be provided in the Budget of 1881-82 for the Langoe Jail.

3. Doubtless the opinion of the Inspector General of jails will be taken as to whether the new jail is to be situated at Langoe as originally proposed. If it is to be built there, this dry season should not be lost for the preparation of brick of which it must principally be built, and I would in that case request authority to arrange with the Executive Engineer at once for the preparation of a large stock of bricks; no funds will be required in this year, but permission should be given to make arrangements, enter into contracts for materials at once and make payments after 1st April.

4. The Collector has just
