Copy of a communication from the Postmaster General,
Madras, to the Director General of the Post Office of
India, dated Madras the 10th December 1880, no. ⁴¹⁸/₉₉₃

I have the honor to forward a plan and
Estimate for Rupees 1130 for construction of certain
additions to the Post Office building at Tanjore
and request that you will be so good as to
accord your sanction to the measure.

The present accommodation in the Tanjore
Post Office is totally insufficient. The building
is so small that when all the officials, Clerks,
Postmen, Village Postmen and Runners, 21 men in
all, are assembled in the office together with
the large mail bags received from the Railway
Mail Service the confusion is very great, the
men have no room to work nor to open and
sort the mails properly. Everything is jumbled
up and the facility for theft, losses, and other
irregularities thereby greatly augmented, and
in the evenings it is even worse when large sums
of money are being dispatched to sub offices. To

obviate

obviate these evils it is proposed to extend the accommodation by the addition of two rooms to the present building.

It is proposed to carry out this work during the next official year viz 1881-82 from the "Minor Works" allotment for that year.

Copy of a communication from the Director General of the Post Office of India to the Postmaster General Madras, dated Calcutta the 21st February 1881, No 12665.

Referring to the correspondence ending with your letter No. $\frac{A543}{993}$, dated 28th January 1881, I have the honor to sanction as a charge against the minor works allotment for 1881-82. the expenditure of a sum of Rupees 1130/- one thousand one hundred and thirty for making certain additions to the Post Office building at Tanjore.

2. The plan and estimate received with

with your letter No. $\frac{A468}{993}$, dated 10th December 1880, are herewith returned.
