With reference to the
pencil remarks by
the H. L. I have
seen no statement
of the reasons of the
S. J. in the S. O. in
question, but I assume
that they considered
men who pass out
of the Indian Civil
Engineering Colleges have
(1) greater original
facilities for acquiring
a knowledge of the
vernaculars, and (2)
have been better
taught in the C. E.
Colleges, than in
the case with young
officers in the R. College

of Coopers Hill

As the altered
value is one voted
in the P. & O. and appears
to be of general appli-
-cation it may be
doubted whether
we could well refuse
to adopt it without
at least a reference

I am to say that, without

it cannot be judged
whether the adoption of
the exceptional ruling in
this Presidency is necessary.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

GENERAL.

Sir,

The Secretary to the Government of Madras,
Public Works Department,

Fort William, 24 January, 1881

Sir,

In reply to your letter No. 37 W. dated 10 Inst.,
asking for the reason for refusing special language
leave to passed students of the Indian Engineering
Colleges, I am directed to state that under the
orders of the Secretary of State none but natives
of India are to be appointed in India to the
Engineer Establishment, and as these are presumed
to have a good knowledge of the native languages,
it was considered unreasonable that they
should be allowed 3 months' leave on full
pay to study them. Moreover as regards the
passed students of the Thomason College,
the final college examination in Hindostani
is quite equivalent to the Lower Standard

Examination

examination in difficulty, and much ^{more} suitable for P.W. Code No. 58
the purposes of the Department, and it has been
accepted in lieu of the Lower Standard Examination.

2. I am to add that the Government of India No. 31-1-81
will be glad to be informed of the conclusion
that may be arrived at by the Madras Govern-
ment, and the reasons for it.

I have the honor to be,
Sir,

Your most Obedt. Servant,

W. Sampson

Under Secy to the Govt of India

Para. 163. (As altered by S.O. No. 418⁸³
of the Secy of India.)

Executive and Assistant Engineers
(not appointed from any Civil Engineering
College in India) who have not passed
the necessary examinations in the Native
languages may, once in their service, at
such time as is found convenient, obtain
from Govt three months leave for this
purpose, without loss of salary or service.

To The Hon. W. Huddleston.

The Government of India Standing Order No. 83 is in the file. but the rule as it will stand after adoption is now attached to this paper for ready reference.

It is believed that the C. E. College examination does secure a knowledge of at least one vernacular language, and that the Govt. of India rule may be adopted without risk.
