Report to accompany plan and estimate
of Rupees 2000 for extending the Protestant Cemetery
at Cochin.

The present ground is not sufficient to
admit of any further interments being made
in it, it is therefore proposed to remove the East
and South compound walls of the Cemetery, and
to extend them by $37\frac{3}{4}$ and 69 feet respectively,
so as to give a sufficient space in the cemetery
measuring $(204 \times 176\frac{3}{4})$ 36157 $\frac{1}{2}$ Square feet or 8.3
acres including the Carpenter's Cemetery, which is
to be removed to the South of the Jewish Cemetery,
as shown in the Sketch. This is done in commu-
-nication with the Collector of Malabar District.

The plan and estimate was prepared
at the request of the Chaplain of the Church
at Cochin who has countersigned them in
token of his approval.

The proposed work may be sanctioned
and funds provided as early as possible so
that the work may be expected to be complete
within three months from the date of putting
it on hand.
