MADRAS,
Chepauk, 31st March 1888.

From

THE SUPERINTENDENT OF WORKS,
PRESIDENCY,

To

The Chief Engineer,
P. W. Department.

Sir,

Enclosures. 2

2 Abstract Estimates,

I have the honor to state that the dials of the Turret Clock of St. Andrew's Church require repainting: a new rope is also required for the striking portion of the Machinery. I obtained from the Contractor for the Conservancy of Government Clocks the enclosed estimate of the cost of the work amounting to Rs 475. The estimate provides for gilding the figures and hands, and painting black the dials on the north and west sides, and on the South side for painting the figures black and the dial white, this dial being an illuminated one will

will not admit of being painted as the
other two. The high amount of the esti-
-mate is due to the cost of gilding
for which gold to the value of about
Rs 100 will be required per diab. The
work being of a Special nature, I for-
-ward the estimate for the Sanction
of Government.

I have the honor to be,
Sir,

Your Most Obed^t. Serv^t.

Presidency.

Note of Remarks.

The Estimate for gilding
& painting the Dials of St.
Andrew's Kirk Clock &
fitting a new rope to the
striking portion of the Ma-
chine, amounts to Rs. 175.

The Estimate provides for
gilding the figures & hands
& painting black the Dial of
the North & West Sides; &
on the South side the Dial
being an illuminated one
the figures to be painted
black & the Dial white.

The Rate Rs 200 for
gilding & painting each
Dial, seems excessive.
