No. 474.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 22nd March 1881.

Read the following letter from the President of the Local Fund Boards, Kistna District, to C. A. GALTON, Esq., Secretary to the Board of Revenue, dated Masulipatam, 19th February 1881, No. 813:—

WITH reference to the Board's Proceedings of January 28th, No. 142, I have the honor to state that Bezvada was selected for the head-quarters of the Local Fund Engineer by Mr. Horsfall. I think it a better place for him than Masulipatam.

2. Masulipatam is in a corner of the Local Fund Circle, and it is often difficult to get from it to other places. Bezvada is centrally situated, and from it the canals radiate to Repalle on the one side to Gudivada on the other. The quarries from whence we get nearly all our stone are at Bezvada.

3. The Local Fund Board have, I submit, no grounds for forming an opinion "whether the present system of supervision of works is likely to be permanent." I am told in conversation by those who ought to know that there is every likelihood of the maintenance of Local Fund works being retransferred to the Public Works Department, but I cannot say how far this is correct.

4. If not wanted for residence at any time, the rooms could be thrown into the office.

UNDER the explanation now afforded the Board resolve to submit the plans and estimates for the sanction of Government.

Acting Sub-Secretary.
