Sir,

I have the honor to bring to your notice that there is no drain around Block No. 1 of the Barracks occupied by the Battery under my command and as a drain is very necessary to carry off water falling from the roof I would request that measures may be adopted to have a drain made around the Block in question for their purpose as soon as practicable.

Forwarded to the Officer Commanding P. & A. of the Division; after the inspection of the Block. I consider that a drain round it is necessary to enable the rain water to drain off. At present it is reported to lie in pools around this Block (Ch^o 1) which is the only one unprovided with a drain.
