and Abstract Estimate of Rs 1260 for

Encls. 4.

1. Plan already sent re-roofing the Staff Sergeants Quarters
2. Abstracts
1 Specification. in the Fort of Vellore North Arcot
Division.

Memo No 2250 dated 5th October 1881
from the Deputy Chief Engineer S.W.D.

The present roof of the building
leaks frequently during the rainy
season and the Quarters are always
very dirty, by the dust falling in
from the roof which is simply
a Coupled one with decayed Bamboo
purlins and covered with pan tiles.

It is proposed therefore to remove
the whole and re-roof the main
building with new flat and pan tiles
including

including teak reapers and rafters
etc. The old rafters etc. that are available
from the present roof may be used for
the roof of the Verandah.

The Estimate was framed on
the requisitions of the Station Staff
Officer of Vellore (Copies of which have
already been sent with this office letter
No. 411 dated 27th September 1881) and
has been approved of by His Excellency
the Commander-in-Chief. The amount
of the Estimate is more than one-
fourth of the value of the building
hence the work is classed under
"original work" vide para 960 of
the Code and exceeds the power
of the Supg Engineer. The sanction
of Government is therefore requested
for

20/2
for the early execution of the
work, as also allotment of funds.
