GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read the following paper:—

No. 45. Endorsement of the Deputy Secretary to the Government of India, Public Works Department, (Account—General,) dated Simla, 25th October 1881, No. 382 A.—G.

Proceedings of the Government of India in the Department of Finance and Commerce, (Accounts and Finance—Stores), dated Simla, 10th October 1881, No. 3400.

Read the following:—

Extract paragraphs 3 *to* 5 *of despatch from Secretary of State, No.* 27 (*Financial Stores*), *dated* 18*th August* 1881.

Paragraph 3.—With reference to the 4th paragraph of your Lordship's letter, in which it is stated that you have received numerous complaints of the great delays involved in obtaining stores through the agency of the Store Department, as well as of inferiority in quality and high prices, I have to observe that it is most important that these complaints should be specifically communicated to me for investigation as they arise.

4. When complaints are made of the quality of supplies, it is desirable that samples of the articles complained of should be also forwarded; and when a comparison is instituted between local purchases and those of this office, it is essential that the particulars regarding the former should include samples showing the quality of the articles purchased locally.

5. In regard to the question of discounts, which is clearly explained in the Director-General's report, I desire also to direct your Lordship's attention to Financial Despatch No. 8 of the 11th January 1870.

From the Secretary of State for India, to the Government of India, dated 11th January 1870, No. 8.

I HAVE considered in Council your letter, dated 18th October 1869, No. 259, intimating that it has been ruled by your Government that the orders which prohibit the procuring of stores from Europe or America, except through indent on this office, are applicable to stores chargeable to Local Funds. You inquire however, with reference to an allegation that if the stores be obtained through the India Office the trade discount of 12 per cent. will be lost to the Local Funds, whether any discount, not allowed for in the price charged, will be credited to the Local Funds by the Home Government.

2. It would appear from this inquiry that some misapprehension exists at your Presidency in regard to the mode in which stores for the use of the Indian Governments are obtained in this country.

3. Except in very special cases, direct orders for such stores are not given; but contractors are invited to tender for their supply on the principle of public competition. No commissions, agencies or discount is allowed by the contractor, who, being paid for his goods as soon as they have been delivered and examined here, is not enabled to charge interest. Freight is also engaged by public competition, the Government not insuring but taking its own risk of losses by sea, which have not hitherto amounted to more than a fraction of a pound per cent.

4. You will observe that, under these arrangements, the tenders sent in show, in each instance, the lowest price at which the contractor is willing either to supply the stores or to convey them to India; but that no abatement on account of discount is allowed for by him in calculating the cost, and that none can be expected from him on receiving payment.

5. There is every reason to suppose that stores for India can be thus supplied by the Home Government more economically than by the direct action of the local Committees, and that any abatement received for trade discount would be entirely illusory, as it could only be made when the rates charged in the first instance had been unnecessarily high.

6. With reference to the request contained in paragraph 4 of your Resolution of 18th October last, I have to inform you that all payments made in England for stores, clearly shown in the indents to be chargeable to Local Funds, will in future be debited in the Home Accounts as remittances to India for adjustment with the Local Funds on account of which they have been authorised.

Ordered, that a copy of the foregoing be forwarded to the—

Home Department,
Revenue and Agricultural Department,
Public Works Department,
Military Department,
Local Governments and Administrations except Bengal,

with the request that the instructions in paragraphs 3 and 4 of the despatch of 18th August 1881 may be observed.

Letter from the Government of the Punjab, No. 3048., dated 21st September 1881, forwarding an indent upon the Secretary of State for clothing materials required for the Punjab Police Force.

RESOLUTION.—In his despatch No. 418, dated 13th December 1877, the Secretary of State directed that materials for the clothing of the Police should be procured locally. Subsequently, in April 1879, the Government of the Punjab represented that suitable materials for Police clothing could not be so procured, and therefore

requested permission to continue the practice of sending home indents for them. This was sanctioned in May 1879. The rules then in force regarding the supply of stores allowed the purchase of European articles either in the local market, or direct from the manufacturers in England. Those rules have since been modified; and by Resolution No. 953, dated 10th June 1881, the Government of India declared its policy that, wherever practicable, articles of Indian manufacture shall be substituted for imported goods, and that in cases in which this is impracticable, European stores shall be obtained only through the Secretary of State and through no other agency.

2. The Government of the Punjab has now submitted for transmission to England an indent for clothing materials required for the Provincial Police Force. The Government of India has reason to believe from the information now before it that the Indian woollen mills will be able to supply all but the finest cloths demanded in the indent.

3. The Governor-General in Council accordingly requests that His Honor the Lieutenant-Governor of the Punjab will cause careful inquiries to be instituted as to how far it may be possible to procure articles of Indian origin for the clothing of the Punjab Police. In this view the indents are returned for revision.

4. The Government of India expects the Heads of Departments to take special pains to carry out the policy declared in the Resolutions cited above, and hopes that the Local Governments will insist that they shall do so. The Local Governments should pass no indent for stores upon the Secretary of State without satisfying themselves in each case that the articles entered in the indent cannot be procured of Indian manufacture at a price not higher than that of imported goods of the same class.

ORDERED, that a copy of the foregoing Resolution, together with the original indent, be forwarded to the Government of the Punjab.

Ordered, also, that the Resolution be communicated to the Public Works and Military Departments and to the other Local Governments and Administrations for information and guidance, and that it be published in the *Gazette of India*.
