Duplicate to to Ry Circle

Accepted 10/12

EXPLANATION OF NECESSITY FOR MODIFICATION OF ALLOTMENTS.

The surrenders proposed from the Salem Dn are due to there being no probability of utilization in the current official year.

2. The increase of Rs 1000 to the Repair grant proposed for the Salem Dn is unavoidable as the work "Repairs to the Secessions Court House at Salem" proceeded with under G.O. No 1207 W of 13th May 1881 has so far advanced that half of the work is nearly finished at an outlay of Rs 3350, the remaining half being proposed to be taken up next year. This renders the current year's Divisional grant of Rs 4,000 to be exceeded by Rs 1000. Hence the demand.

3. The increase of Rs 597 to the Repair grant proposed for the West Coast Division is with reference to G.O. No 1623 W of 30th June 1881 in which an application for an increase of Rs 1000 under the said head was not sanctioned owing to want of "Reserve". The Divisional Grant is quite inadequate and is now being unavoidably exceeded. It is therefore absolutely necessary that the present surrender from the Salem Division should be availed of for transfer to the West Coast Division.

Major R E

1st Dec 1881 Supg: Engineer 4th Circle

N B.—If there is not room here for the whole of the explanation an additional half sheet or more of foolscap should be added and the explanation should be continued thereon.

Acting District Judge,
Salem

To

Lewis McIver, Esquire,
Acting Registrar,
High Court, Appellate Side,
Salem

Sir,

I have the honor to forward herewith copy of a letter from the Executive Engineer in which he states that the repairs of the District Court are not likely to be commenced until after the Monsoon; and to request that you will bring to the notice of the Honorable the judges of the High Court that it is essential for the safety of the building, to say nothing of the convenience of all persons who attend the Court, that the repairs should be commenced at once.

2. Mr. Hannyngton informed me that during the rains the court and record room were flooded and that in his opinion it would be unsafe to occupy the building during the monsoon unless it were repaired.

3. Large pieces of plaster have recently fallen from the roof of the record room and it is impossible to preserve the records from destruction unless the roof is repaired.

4. The repair of the court has been talked of since the time of Mr. Elliott but as nothing has been done, things have gone from bad to worse. x 187 ½.2

5. I trust the Honorable the judge will move Government to issue orders for the repairs to be at once commenced.

I have &c.
