I
To

The Chief Engineer
S. P. W. D.
Madras.

Sir,

With reference to para 5 of
G. O. No 2703 W dated 2nd November
1881, I have the honor to report that
two of the apprentice Overseers viz.
Messrs Blake and Walsh were placed
under the orders of Conductor Milne
on the 20th October. The other ap-
prentice Overseer, Mr Cherry has been
employed in Nellore looking after articles
being made in the Workshop for the Sangam
Project

I have the honor to be
Sir
Your most obedient servant

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

2nd November 1881, No. 2703 W.

General.
Establishment.

Read the following paper:—

No. 7. From A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department, (General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 10th August 1881, No. 1,045 G.

In reply to your letter No. 1,694 W. of 8th July 1881, I am directed to state that the pay of the next higher grade is given to Upper Subordinates appointed Inspectors of Apprentice Overseers from the Thomason College, the whole pay being chargeable to the College.

No. 8. ORDER THEREON, 2nd November 1881, No. 2703 W.

THE Honorable the Governor in Council is of opinion that the remuneration to an Upper Subordinate specially selected for superintending the training of Apprentices may be fixed at Rs. 50 per month.

2. It will be understood that this allowance will only be paid to men specially selected for the purpose, and not to those under whom Apprentices may be temporarily placed in the ordinary course of duty.

3. Under ordinary circumstances the number of subordinates entitled to this allowance will not exceed two, and provision for the amount required (Rs. 100 per month) will be made in the budgets of the Educational Department; but, owing to the recent increase in the Subordinate Establishment of the Public Works Department, the number of Apprentices during the next year will be abnormally large, and allowance for their instruction may be paid to four men.

4. The Chief Engineer will nominate the individuals selected for this duty, and fix the date from which the allowance will be paid in each case.

5. This order will have retrospective effect in the case of Sub-Engineer Conductor Milne, who will draw the allowance for the training of the Apprentices on the Sangam Project from the date (which should be reported) on which they were placed under his orders.

6. The following are the Apprentices for whom instruction will have to be provided, and provision made in the Educational Budget:—

Supervisors on Rs. 90 per mensem	...	...	...	...	...	...	5
Overseers, 1st grade	...	...	...	...	...	...	3
Do. 2nd do.	...	...	...	...	...	...	4
Do. 3rd do.	...	...	...	...	...	...	6

In addition to the above there are three Apprentice Overseers of the 1st grade, whose practical course expired in October of this year.

Major J. Pennycook R.E.
Superintending Engineer
IIIrd file.

To
The Chief Engineer
Public Works Dept.
Madras.

With reference to your No. 2879
of 1st inst. I have the honour to explain
that the object of my No. 23 of 18th ultimo was
to suggest an application to Government to
waive the demand for security required by the
provisions of the Code.

2. As however para 868 leaves to the Chief
Engineer a discretionary power as to the
amount of security, the object of the reference
will be practically attained if that amount
in Mr. Laluyrie's case be fixed at a nominal sum, say Rs. 5.

3. At the same time it must be noted
that all the formalities involved in the taking
of security will be as necessary in
the case of a security of Rs. 5. as in that
of Rs. 500, and it is open to question whether
it might not be as well to provide

definitely, by a standing order, for the case
of a pensioner appointed to an office for
which security is required.

4. A pensioner does, as a fact give security
to the extent of the Capitalised Value of his
pension, and it seems unnecessary to call
upon him to give in addition, the same security
(probably a much smaller sum), as is given
by a person over whom the Govt. have no
such hold.

5. The vast majority of such cases would be
met by the addition to para. 868. of some
such clause as the following:-

"Security will not be required from any
person drawing a pension from the State equal
to or greater than half the salary of his
Office, or one the Capitalised Value of which is equal
to or greater than the security ordinarily
required."

I have the honor to be
