C.No: 2606. 4070

It would run
from the Return
Submitted by the S.E.
that all the roofs
of Public Buildings,
except the Powder
Magazine, are tiled
and would therefore
be unsuitable for the
Storage of water in
Iron tanks or otherwise?

Enc: 1

Public Buildings:—

Forwards the Return
of— at Cochin.

No. 309 of 21st July 1881.

Letter from the Vice President
Cochin Municipality No. 80,
dated 7th April 1881.

2. In view of the arrival of the
iron tanks expected from England
the Commissioners beg that the
permission of Govt. may be obtained
to have some of the public buildings
such as St. Francis Church, the
Magistrate Court fitted up with
pipes to convey water from
their roofs during the monsoon.
The Municipality will of course
pay for the pipes.

Letter from the Superintendents
Second Circle, No. 294, dated
13th July 1881.

The

The Supy. Engineer, Second File,
will report whether any, and if so,
which of the public buildings
at Cochin are suitable for the
collection of water on their
roofs as proposed by the Vice
President of the Cochin Municipi-
-pality in his letter copied above.

2. It would seem from the
return of public buildings,
submitted by the Supy. Engineer
that with the exception of the
Powder Magazine, all the buildings
have either thatched or tiled roofs.
