Resolution—dated 1st February 1882, No. 337.

The Board resolve to submit for the approval of Government the Budget Estimate of the Special Local Funds under their control for 1882-83. The actual receipts and charges of these funds for the last five years are given in Appendix No. I, as required in para. 8 of G.O., Revenue Department, dated 9th April 1881, No. 632. Appendix No. II shows in one view the estimated receipts and charges of each fund for 1882-83, compared with those of the current year, and Appendix No. III, the estimated receipts and charges in each district under each fund in 1882-83.

2. The Budget Estimates of the Canal and Ferry Fund and the Jungle Conservancy Fund have already been separately submitted with Board's Proceedings, dated 23rd November 1881, No. 2930-A, and 21st January 1882, No. 189. In the former Proceedings, the contribution from the Canal and Ferry Fund to Local Funds in the Tanjore District was entered as Rs. 20,000. This amount is now reduced to Rs. 18,000, as the statement of receipts and charges of Special Local Funds received from the Accountant-General in December last shows the balance at the beginning of 1881-82 to be less than that adopted in the regular estimate for that year by Rs. 2,000.

The Budget Estimates of the other Special Local Funds will now be reviewed *seriatim*.

3. CATTLE POUND FUND.—The assets of this fund, including the balance and excluding the amount appertaining to Agricultural Services, are estimated at Rs. 2,25,620. The expenditure is Rs. 2,12,510 including a contribution of

Rs. 89,400 to Agricultural Services, to the Government Central Museum and to Local and Municipal Funds, distributed as shown below:—

	Budget, 1882-83. RS.	Regular Estimate, 1881-82. RS.
Agricultural Services	44,700	41,680
Contribution to the Government Central Museum for collecting books, &c., relating to fisheries—G.O., Revenue Department, dated 7th November 1881, No. 1646	...	2,000
Local Funds	42,410	41,540
Municipalities	2,290	2,140
Total	89,400	87,360

4. AGRICULTURAL SERVICES.—The correct estimate of the amounts to be contributed to Agricultural Services are thus, Rs. 41,680 in 1881-82, and Rs. 44,700 in 1882-83 instead of Rs. 49,510, the budget figure for the current year adopted, in the absence of information, for both the years in para. 5 of Board's Proceedings, dated 21st November 1881, No. 2893, reviewing the Budget Estimates of receipts and charges for 1882-83 of the Government Farm and the School of Agriculture. The estimated receipts and charges of the farm and school will thus be:

	Regular Estimate, 1881-82. RS.	Budget, 1882-83. RS.
Balance at the beginning of the year	2,34,060	2,37,730
Receipts during the year	65,870	49,200
Total	2,99,930	2,86,930
Expenditure during the year	62,200	68,200
Balance at the end of the year	2,37,730	2,18,730

5. VILLAGE SERVICE FUND.—The estimated receipts of the fund are Rs. 32,02,740, which together with the opening balance of Rs. 11,06,970 make a total of Rs. 43,09,710. The expenditure is Rs. 30,98,950, leaving a balance of Rs. 12,10,760 at the close of the year. The items composing the total receipts and expenditure are given below:—

Items.	Budget 1881-82. RS.	Budget 1882-83. RS.
Receipts.		
1. Cess collected under Act IV of 1864	12,76,625	13,62,074
2. Merahs collected over and above the land assessment... ..	98,550	98,850
3. Deductions from land revenue for payment of Village Establishment	9,54,245	9,90,370
4. Quit-rent on enfranchised Inams	7,24,320	7,03,790
5. Interest { On Government Promissory Notes	37,096	34,696
{ On Arrears	1,074	830
6. Miscellaneous	11,470	12,130
Total	31,03,380	32,02,740
Charges.		
1. Establishment at Collector's Offices	140	140
2. Village establishment	30,38,900	30,76,480
3. Construction and repair of Village Chavadies in Kurnool and Malabar	3,000	3,500
4. Construction of ghât huts in Kurnool	1,000	1,000
5. Amount to be repaid to Provincial Services	47,610	17,200
6. Miscellaneous	450	630
Total	30,91,100	30,98,950

6. Receipts.—It will be observed that the classification of receipts for 1881-82 does not agree with that given in para. 9 of Board's Proceedings, dated 28th March 1881, No. 509, reviewing the current year's budget. This is due to the erroneous entry in the Kistna Budget of Rs. 3,60,000 against "Collections of cess under Act IV of 1864." This amount is now distributed among the several items to which it appertains. The Collector states that it is due to the re-imposition of the cess in Tinnevely. The Collector states that it is due to the re-imposition of the cess in the four taluks in which its collection was temporarily suspended, but this explanation is not sufficient, as the collection of the cess was ordered to be resumed from Fasli 1290 (1880-81) in G.O., Revenue Department, dated 9th June 1880, No. 636. He is requested to explain clearly the cause of the increase. The increase under the 3rd item occurs chiefly in Kurnool and North Arcot. In Kurnool it is due to the Beriz deduction being for the first time shown separately in the budget. In North Arcot the Collector states that the increase is due to the Budget Estimate for the current year having been framed with reference to the small receipts in 1879-80. But it is observed that the receipts in 1879-80 were Rs. 1,44,599, against Rs. 1,24,918, the actuals of 1880-81, and Rs. 1,25,700, the Regular Estimate for the current year and the Budget Estimate for the ensuing year. The Collector will furnish further information on the point. The decrease under the fourth item is chiefly in Kurnool, and is due to two-thirds of the arrears outstanding at the commencement of the current year having been found to be irrecoverable.

7. Expenditure.—The variations in the several items of charges are not important. The entry of repayment to Provincial Funds appertains to Nellore, in which district the years 1879-80 and 1880-81 closed with deficits of Rs. 86,807 and Rs. 33,389 respectively. They were adjusted by credits from Provincial Services; and to repay the total amount of Rs. 1,20,196 the Collector has entered Rs. 1,03,000 in the Regular Estimate for the current year and Rs. 17,200 in the Budget for the ensuing year, which closes with a balance to credit of Rs. 52,800. Further information has been called for regarding the assets of the Village Service Fund in this district (Board's Proceedings, 14th January 1882, Miscellaneous No. 179), and it will be submitted to Government when received.

8. The balances are large in Godavari, Kistna, Kurnool, Chingleput, South Arcot, Trichinopoly, Salem and Malabar. Copy of the Board's Proceedings, dated 24th June 1881, No. 1152, on the proposals of the Collector of Godavari for utilizing the balance in favor of the district was submitted for the information of Government with Board's Proceedings, dated 14th January 1882, No. 84. The Collector of Kistna will explain the necessity for keeping a large balance in his district. The balance in Kurnool is explained in the Collector's letter recorded in Board's Proceedings, dated 27th April 1880, No. 570, and approved in G.O., dated 9th July 1880, No. 783. The Collector of Chingleput promises to submit proposals for utilizing the balance. In his Special Local Fund Report for 1880-81 printed in Board's Proceedings, dated 15th August 1881, No. 1737, the Collector of South Arcot states that out of the balance of Rs. 82,941 at the end of that year, the sum of Rs. 16,791 represents the allowances of vacant Notagars' offices, which are not likely to be claimed and are reserved for utilization in the revision of the Village establishment, and that the remainder consisted of arrears of pay due to Village servants, which are now in course of payment. The Collector of Trichinopoly states that proposals for utilizing the balance are under contemplation. He is requested to expedite their submission. The Collector of Salem states that the working of the fund requires a considerable balance to be retained to meet charges in the earlier months of each year. The Collector of Malabar thinks that the surplus should be left untouched till it accumulates to a sum sufficient to raise the present inadequate salaries of Village establishments (Board's Proceedings, dated 15th July 1881, No. 1388).

9. ENDOWMENT FUND.—The estimated receipts of this fund, including the balance, amount to Rs. 28,540, and the expenditure to Rs. 13,610, leaving a balance of Rs. 14,930. A full report on the institutions to which the transactions under this fund relate is contained in paras. 12 to 15 of Board's Proceedings, dated 14th

January 1882, No. 83. There is a large increase in the receipts and expenditure in Tinnevely over the Budget Estimate for the current year owing to the transactions of the Chuttrums at Kovilpatti, Courtallum and Kadainallur being now shown under this fund.

10. IRRIGATION CESS FUND.—The assets of this fund, including the opening balance of the year, are estimated at Rs. 75,980, and the expenditure at Rs. 41,340, leaving a balance of Rs. 34,640. The items of expenditure are specified below :—

Irrigation Establishment	RS.
Repairs and improvement of channels...	26,480
Miscellaneous	14,660
	200
	41,340

The explanation of the Collector of Salem regarding the large balance in his district was noticed in para. 22 of the Board's Proceedings embodied in G.O., Revenue Department, dated 9th April 1881, No. 632. Government have allowed the Collector of Trichinopoly to reserve Rs. 8,000 against unforeseen contingencies (G.O., Revenue Department, dated 12th February 1880, No. 164). It is probably necessary for the same reason to reserve the balance of Rs. 7,550 in Coimbatore.

Entd. in Receipt Regr.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

15th March 1882, No. 668 W.

General.
Account.

Read the following papers:—

No. 100. Proceedings of the Madras Government in the Revenue Department,
dated 31st January 1882, No. 324.

No. 1. Proceedings of the Board of Revenue, dated 11th October 1881, Miscellaneous
No. 9191, on letter from the Acting Collector of Cuddapah, dated 27th
September 1881, No. 437.

WITH reference to the marginally noted correspondence, I have the honor to
forward herewith a complete statement of
all descriptions of famine tools remaining
in the district up to date.

G.O., No. 995 of 21st August 1880.
Letter to Government, No. 391 of 23rd Novem-
ber 1880, and G.O., No. 3980 of 2nd
December 1880, communicated with Board's
Proceedings, Miscellaneous No. 13540 of 8th
December 1880.

2. The tools remaining in the
several taluks are in charge of the Public
Works Department except those that
appear against the Pullampet Taluk,
which are still in charge of the Revenue Department as already reported to the Board
of Revenue in this office letter No. 390 of 29th August last.

3. Of the 2,619 pick-axes entered against Pullampet 417 are stored in the
Badvel Taluk Cutcherry.

4. The statement in question exhibits also a few of the articles ordered to be
sold or sent to the Public Works Stores
in paragraph 4 of G.O., No. 995 of 21st
August 1880. It is not known why the
Public Works Department have not
carried out the order of Government.

	Per Mensm.
	RS. A. P.
Pulivendla	2 0 0
Proddatur	2 0 0
Jammalamadugu	1 8 0
Kamalapuram in Cuddapah Taluk...	2 0 0
Madanapalle	2 0 0
Vayalpad	2 0 0
Kadiri	2 0 0

5. With the exception of the tools
stored in the marginally noted private
buildings in charge of the Public Works
Department all the rest are in Government
buildings.

SUBMITTED in original to Government.

No. 2. Proceedings of the Board of Revenue, dated 14th January 1882, Miscellaneous
No. 212, on letter from the Acting Collector of Cuddapah, dated 13th
December 1881, No. 559.

I HAVE the honor, with reference to your official memorandum, dated 9th instant,
No. 1607, to forward the reply which was sent by the Executive Engineer to my
letter asking, under Board's instructions, for particulars of the Government Orders
under which he declined to take charge of the famine tools stored in the Pullampet
Taluk Cutcherry.

2. You will see that the reply is totally irrelevant, and I did not therefore consider it worth while pursuing the matter, especially as I have subsequently visited Pullampet and have found the tools stored in a separate shed where they are not in the way, the only inconvenience being that they take up room which cannot be spared without crowding the clerks and office people in the remainder of the building.

SUBMITTED for the orders of Government, with the Board's recommendation that, if possible, the tools, which are a source of inconvenience to the Tahsildar's establishment, may be taken charge of by the Public Works Department.

REFERRED to the Public Works Department for favor of information why the instructions contained in G.O., dated 21st August 1880, No. 995, R.D., paragraphs 3 and 4, as to disposal of certain articles have not been complied with. Also whether it is not possible to carry out in Cuddapah the wish expressed in paragraphs 6 and 7 of the order.

2. The Board's suggestion in the second paper as to the charge of the tools at Pullampet might also be dealt with.

(True Extract.)

(Signed) C. G. MASTER,
Secretary to Government.

No. 363 C.

REFERRED to the Superintending Engineer, Third Circle, for remarks.

10th February 1882.

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

No. 100-A. From Major J. PENNYCUICK, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Bellary, 27th February 1882, No. 491.

In returning G.O., Revenue Department, No. 324 of 31st ultimo, I have the honor to state that G.O., No. 995, R.D., of 21st August 1880, does not appear to have been communicated to the late Superintending Engineer, First Circle.

2. It will be seen from paragraph 6 of my letter No. 187 of 5th January 1882, printed with G.O., No. 230 W. of 27th January 1882, that instructions have already been given for the collection of these tools from the different places where they are now stored, but I do not think it practicable to store them in any building belonging to this Department. Our accommodation is limited even for custody of our own tools and records, and wherever the famine tools are stored accommodation for them will probably have to be rented.

3. The tools at Pullampet can be taken over by this Department if desired, but if they are to be removed from their present locality, as seems to be desired, space for storeage will have to be rented.

4. At present rents aggregating Rs. 13½ monthly are being paid for the custody of tools in seven taluks of the Cuddapah District.

No. 101.

ORDER THEREON, 15th March 1882, No. 668 W.

ORDERED that the letter from the Superintending Engineer, Third Circle, above recorded be communicated to the Revenue Department.

2. Proceedings of Government in the Revenue Department, No. 995, dated 21st August 1880, were sent to the Committee appointed in G.O., No. 2276 W., dated 1st October 1880, and so were not communicated at the time to Superintending Engineers.

The Committee's proposals with respect to the disposal of famine tools are given in paragraph 42 of their Report embodied in G.O., No. 914 W., dated 4th April 1881, but the Government of India subsequently, in their letters as per margin, approved the course proposed in the Revenue Department Order of the 21st August 1880, which runs as follows:—

* * *		
“(2.) The Government now direct that all serviceable articles of the kinds		
Axes.	Mamoties.	marginally noted should be stored,
Crowbars.	Picks.	wherever practicable without much ex-
Jumpers.	Pick-axes.	pende, at the Taluk or Huzur Cutcheries
Hammers.	Rammers, iron.	or in Public Works Stores in the various
Ring gauges.		districts as may be most convenient.

“(3.) All *unserviceable* tools of the nature specified, as well as the remaining articles named in the lists received from districts, should be sold by auction and proceeds credited to famine recoveries.

“(4.) Such things, however, as—

Chains.	Telescopes.
Tapes, measuring.	Levels and Staffs.

which are not properly famine tools, should be returned to Public Works Stores for repair in the first instance.

“(5.) When these instructions have been carried out, Collectors will send in a return in the form accompanying Circular Memorandum dated 5th January 1880, No. 1, showing what tools are left and where stored.

“(6.) In those districts where buildings are rented for purposes of storage, endeavour will be made to deposit all tools as directed in paragraph 2 above, or otherwise to reduce cost of keeping.

“(7.) The Government do not consider that any expenditure should be incurred for the custody or charge of the tools stored away in Cutcheries or Government buildings.

“(8.) The instructions now given do not apply to the Presidency Division. * Dated 3rd March 1880, No. 4905. The return* which has been sent in by the officer in charge will be transferred to the Public Works Department for disposal, with the remark that the majority of the articles described are not famine tools, and must appertain to the Public Works Department, and be dealt with accordingly by that Department.”

3. These instructions will now be communicated to all Superintending Engineers for information and guidance. With regard to the Presidency Division, the Superintending Engineer, Fifth Circle, will report whether there are now in it any, and if so what, excess tools for the disposal of which specific orders are needed.

(True Extract.)
