SUPERINTENDING ENGINEER.

5th Circle, ^{MADRAS,}
Chepauk, 30th November 1881.

From

Col. A. L. Sandercock, P. E.
SUPERINTENDING ENGINEER,

5th Circle,

To

THE Chief Engineer
S. W. D.

Sir,

Enclosures.

With reference to your
Memorandum No. 2825 dated
25th November 1881 I have the honor
to report that the whole of the
grant Rupees 20,000 for the
New Barracks at St.
Thomas' Mount is now not
at all likely to be utilized.
The Executive Engineer has
just now drawn up the plan
in the rough, before sending in
his fair plans and estimates.
Some time must therefore
elapse

appt before final sanction
can be given.

2. There is a balance of Rupees 9491 available for transfer and the Executive Engineer strongly recommends that Rupees 1000 be handed over to Military Minor New Works. Hence Rs. 8491 can be surrendered from the Shingleput Division; and as there is a great demand for funds in the Presidency Division, I hope the money may be transferred to Repairs Military to be utilized at Madras & at Bangalore.

I have the honor to be
Sir

Your Most Obedient

Newburyport. Coll. B.C.

Superintendent Engineer

SIR,

Enclosures.

Indic No
7036

On the subject of my
letter CP. 259 of this days
date I have the honor to
report, that the Quarter Master
General has written to me to
request that funds may be
provided at an early date
to carry on the repairs to mili-
tary Buildings at Madras.

2. This requisition for funds
has arisen from representations
made by the Brigadier General,
that the repairs to the European
Baracks

Barracks in Fort St George
had been stopped for want
of funds; and that the Executive
Engineer had asked that the
Barrack Master might
discontinue his expenditure for
the same reason.

Explanation of necessity for modification of allotments.

The progress of the Telegraph office was retarded by the slow rate of progress of the Post Office, which forms the north wing, and in this building the delay was unavoidable. Owing to the late removal of the Indian stables, these buildings were not dismantled and the site available for sinking foundations until the 1st of April last, since which date rapid progress has been made, except where it was found that a Municipal drain intercepted the trenches. This difficulty is still the cause of slow progress on a portion of the work.

N.B.—If there is not room here for the whole of the explanation an additional half sheet or more of foolscap should be added, and the explanation should be continued thereon.

Architect DIVISION.

REMARKS FOR GUIDANCE.

Form "E" is intended for submission by Superintending Engineers to the Chief Engineer, and is merely a general abstract for each division. It will be open to the Chief Engineer to call for, or to Superintending Engineers to submit, reports for individual works in form "B" or "C" where such a course may appear desirable.

It is to be understood that these returns are not accounts, and that although the figured entries should be as accurate as circumstances will allow, promptitude and regularity in their submission is of more importance than minute accuracy. No annas or pies should appear in them. Great care should be taken that the "name of the work" is in all cases absolutely the same designation as that under which it has been sanctioned.

Memorandum

With reference to Progress Report E. of the Consq. Architect &c. for the month of November/81, the Chief Engineer has the honor to request explanation on the following points.

Under Imperial, Civil Buildings, Postal, original works, the grant is shown as Rs 50000 while the expenditure amounts to Rs 55,877.

Under Provincial, Civil Buildings, original works the grant is 15,360 while the expenditure is Rs 19,057.

No expenditure is being incurred against the grant of Rs 2000 under Provincial, Mis. Public Improvement Repairs. If there is no prospect of the money being utilized in the architect &c. it should at once be surrendered.

CONSULTING ARCHITECT'S OFFICE,

Cherput, 9 Jan'y 1882.

From

THE CONSULTING ARCHITECT TO GOVERNMENT,

To

THE CHIEF ENGINEER, PUBLIC WORKS DEPARTMENT,
BUILDINGS AND ROADS BRANCH.

SIR,

The excess over the Grant is due to the outlay incurred on Post Office. The necessary application has been submitted to Govt. for transfer of funds from the Grant for the Telegraph Office. In G. O. No. 3029 W dated 5th December/81, the Government stated that the Government of India has been applied to for the necessary transfer of funds.

2 The excess in this case is an account of the expenditure incurred on the "Lying-in Hospital" and "Medical School" near the Manegar Choultry. Additional funds to the extent of Rs. 5500 have been applied for the former on the 7th December 1881 and for the latter in the list of Incomplete works.

3 Out of Rupees 2,000 provided under Provincial Repairs Ind. Public Improvement, Rupees 1500 may be surrendered.
