No. 9.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Ongole, 7th April 1882, No. 27 K.S. :—

With reference to paragraph 2 of G.O., No. 447 W., of the 18th February last, I have the honor to state that I do not think any reduction of stock in the Kistna Eastern Division is possible, as the Kistna completion estimates having been sanctioned, there will be an immediate increase of work in the shops, and unless we have a fair stock of metals, timber, &c., delays most prejudicial to the satisfactory progress of works might occur.

2. There is, properly speaking, no local market to fall back upon, and at Bezvada we must be entirely dependent on our own resources.

No. 10.

ORDER—dated 1st May 1882, No. 1073 W., Public Works.

The limit of reserve stock in the Kistna Eastern Division will remain at Rs. 48,000 as ordered in paragraph 2 of G.O., No. 914 W., dated 4th April 1881.

stock of metals, timber &c, delays most
prejudicial to the satisfactory progress of the
