

Note by the Honorable W. Indleston.

We can't undertake to supply these gentlemen with records.

But I imagine the Administration Reports are published and sold, tell them they can buy.

I do not see in the Distribution list that any copy is sent to the Museum Library which should have all published Administration reports.

Send a set of back Nos to the Library and tell these gentlemen that they can refer to them there.

A complete set of the General Administration reports from commencement should be sent to the Museum Library if not already supplied.
