Read the following paper :—

No. 188. *From Lieutenant-Colonel J. EWING, Officiating Quartermaster-General, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Fort St. George, 28th March 1882, No. 2322.*

With reference to Order of Government, No. 3801, dated 15th July 1879, the Superintending Engineer, Fourth Circle, having submitted, through the Remount Agent at Hosúr, for the approval of the Commander-in-Chief, plan and estimate for constructing twenty stalls at Mallúr for the use of Government horses, I have the honor, by order, to state that His Excellency is of opinion this building is unnecessary. His Excellency considers that when horses are sent from Madras by rail, if the attendants accompanying them are not sufficient in number or in intelligence to look after them at Mallúr, men might be sent from Hosúr who could take the horses out of the train immediately on their arrival, see to their comfort and return with them to Hosúr, halting half way for rest, if the distance is considered too great.

No. 189. ORDER THEREON, 19th April 1882, No. 1796.

The Right Honorable the Governor in Council concurs in opinion with His Excellency the Commander-in-Chief that the erection of stalls at Mallúr is unnecessary.

2. A duly qualified person should be sent from Hosúr to take charge of the horses, intended for the depôt, on their arrival at Mallúr.
