In charge of Central Jail

Respected Sir

I beg to bring to your kind
notice that the Hospital Assistants of this
jail are not provided with comfortable
quarters while all the prison officers allowed
suitable houses the Hospital Assistants
have to be contented with two rooms of
common warders line that is not built
after any sanitary observation. The rooms
are of low roof and small area without
a verandah in the front with the exception
of the one screened by Cadjan leaves in the
back side. From such defects in
constructions of the house I had to expose
myself to the cold and damp air of the
monsoon and to the severe heat of the hot
season.

Besides this all the rooms of the
line are vacated with the exception of one
consequently they afford a proper place of
concealment for snakes and other venomous
creatures thereby rendering the habitation

highly insecure.

Even in District Jails the
Hospital Appellants are provided with
proper houses.

Owing to the disagreeableness
of the Climate and the Sanitary defects of
my place of residence soon after my
Arrival here in October last I had
an attack of vomiting and diarrhoea from
which I had slowly recovered by the end of
the first week of the attack. Since that
time my appetite has greatly improved and
I am getting heavier day by day.

I shall here state that I had
had no sick leave during the whole of my
service and have not availed myself of
any kind of leave since 1877.

Under these circumstances I
beg you will be pleased to forward this
my application to the Surgeon General
with the Government of Madras and obtain
for me 3 months privilege leave in order
to recruit my health.

Believe me

Sir

In forwarding the enclosed Document marginally noted I have the honor to bring to the notice of the Surgeon General that the 1st Class Hospital Assistants at this jail have been compelled to live in the quarters of a Police Constable that is in a hut in a row of unoccupied huts.

2 I have over and over again represented the matter to the Local Jail Authorities and to the Inspector General of Jails on his inspection in February 1881 but nothing has been done although I believe that the Inspector General of Jails has sanctioned the erection of a suitable quarters.

3 If nothing is done before the monsoon breaks it will be a great hardship and it seems to me most unreasonable to expect a 1st Class Hospital Assistant to live in such

 to inform you that the Medical Subordinates
 in question occupy quarters which have
 been allotted to Medical Subordinates
 since the Jail has been built. viz
 two rooms adjoining each other at the
 South End of the warden's lines.

2. Doubtless a better class of
 quarters should be provided for the
 Medical Subordinates attached to the Jail
 and I supplied some months since
 to the Public Works Department
 for an Estimate of Cost of improving
 the present quarters and wrote again
 last month for it. As soon as it is

the works before the monsoon commences.
It will have to be done afterwards.

3 The Medical Officer states the erection
