MADRAS HARBOUR WORKS.

19TH APRIL 1882, No. 399, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 17th March 1882, No. 821.

Read—again Proceedings of the Board of Revenue, dated 12th December 1881, Miscellaneous No. 10545, and 17th February 1882, Miscellaneous No. 1498.

Read—also the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, Fort St. George (through the Board of Revenue), dated Madras, 23rd February 1882, No. 958 :—

I have the honor to submit, for the favorable consideration of Government, a letter from the Superintendent of the School of Agriculture, suggesting the buildings should be completed by the addition of an upper story. He, in this letter, does not state the probable cost of the addition, but, in a subsequent communication, he informs me that he has had an approximate estimate made. The amount is Rs. 36,000, of which nearly one-half represents the cost of erecting the portion sanctioned for offices, with stair-case, &c.

2. The amount required seems large, but there can be no question that, when the new class is formed in the autumn, the building as it now stands will not accommodate comfortably the total number of students, which will probably approximate eighty.

ENCLOSURES.

From W. R. ROBERTSON, Esq., M.R.A.C., Superintendent of Government Farms, to the Director of Public Instruction, dated Saidápet, 10th February 1882, No. 193.

With reference to the Proceedings of the Board, Miscellaneous No. 10545, dated 12th December last, and the latter part of my letter, No. 1490, dated the 18th of January last, copies of which I enclose, I have the honor to invite your attention to the desirability of the buildings of the School of Agriculture being completed now, when money is available for the purpose and there is a favorable opportunity for having the work done. It will be highly inconvenient for the work of building to be carried on after a 3rd class has been admitted, and the institution is full. The inconvenience arising from putting up now the whole upper structure would be very little more than must arise from the construction of the portion of the upper story required for the office.

2. I enclose a tracing of the original approved plan and elevation of the College building (sent in a separate cover).

Copy of Board's Proceedings, dated 12th December 1881, Mis. No. 10545.

Copy of Superintendent's letter, dated 18th January 1882, No. 1490.

Tracing of the original approved plan and elevation of the College building.

Resolution—dated 17th March 1882, No. 821.

Submitted to Government in continuation of Board's Proceedings, dated 17th February 1882, Mts. No. 1498.

(True Copies and Extract.)

(Signed) E. GIBSON,
Acting Sub-Secretary.

To the Secretary to Government, Revenue
Department, with tracing to be returned.
Copy to the Director of Public Instruction.
Copy to the Superintendent of Govern-
ment Farms.

ORDER—dated 19th April 1882, No. 399, Revenue.
